Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

**UK MIFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET** – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook, and professional clients, as defined in Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**UK MiFIR**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Consequently, no key information document required by the PRIIPs Regulation as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

### 3 INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE

Save for the commissions related to the issue of the Notes to be paid to the Managers and the fact that certain of the Managers and/or their affiliates may have engaged and may in the future engage in investment banking and/or commercial banking transactions with, and may perform other activities for, the Issuer and its affiliates in the ordinary course of business, so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer.

<sup>1</sup> According to S&P rating system, an obligation rated “AA” indicates that the obligor has a very strong capacity to meet its financial commitments. While still being highly resilient, it is slightly more susceptible to the adverse effects of changes in circumstances and economic conditions compared to obligations in higher-rated categories. The addition of pluses (+) and minuses (-) within the “AA” rating category provides further differentiations. A “+” sign signifies that the obligation is positioned at the upper end of the rating category, reflecting an even stronger credit profile within that rating level. Conversely, a “-” sign denotes that the obligation is situated at the lower end of the rating category, indicating a relatively weaker credit profile within that rating level. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency without notice.

<sup>2</sup> According to Moody’s rating system, obligations rated “A” are judged to be upper-medium grade with low credit risk. Moody’s appends numerical modifiers 1, 2, and 3 to each generic rating classification from “Aa” through “Caa”. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency without notice.
