SUMMARY

This summary highlights information contained elsewhere in this prospectus supplement and the accompanying prospectus. It does not contain all of the information that you should consider before making an investment decision. We urge you to read the entire prospectus supplement, the accompanying prospectus and the documents incorporated by reference in this prospectus supplement and the accompanying prospectus carefully, including the historical and pro forma financial statements and notes to those financial statements incorporated by reference in this prospectus supplement and the accompanying prospectus. Please read "Risk Factors" and "Information Regarding Forward-Looking Statements" in our, KMP's, EPB's and KMR's Annual Reports on Form 10-K for the year ended December 31, 2013, in each case, as updated by our and their respective subsequently filed Securities Exchange Act of 1934, as amended (the "Exchange Act") reports for more information about important risks that you should consider before investing in the notes. As used in this prospectus supplement and the accompanying prospectus, the terms "we," "us" and "our" mean Kinder Morgan, Inc. and, unless the context otherwise indicates, include its consolidated subsidiaries.

Kinder Morgan, Inc.

Our Business

We are a publicly traded Delaware corporation, with our common stock traded on the New York Stock Exchange ("NYSE") under the ticker "KMI." We are the largest midstream and the third largest energy company in North America with a combined enterprise value of approximately \$120 billion. We own an interest in or operate approximately 80,000 miles of pipelines and 180 terminals. Our pipelines transport natural gas, refined petroleum products, crude oil, condensate, carbon dioxide ("CO₂") and other products, and our terminals transload and store petroleum products, ethanol and chemicals, and handle such products as coal, petroleum coke and steel. We are also the leading producer and transporter of CO₂, for enhanced oil recovery projects in North America.

We own the general partner interest of, and significant limited partner interests in, Kinder Morgan Energy Partners, L.P. ("KMP") and El Paso Pipeline Partners, L.P. ("EPB"), and significant limited liability company interests in Kinder Morgan Management, LLC ("KMR"), including all of its voting shares.

On August 9, 2014, we entered into a separate definitive merger agreement with each of KMP, EPB and KMR, pursuant to which we will acquire directly or indirectly all of the outstanding common units of KMP and EPB and all of the outstanding shares of KMR that we and our subsidiaries do not already own. The mergers and the other transactions contemplated by each of these merger agreements are collectively referred to as the "Transactions." Upon completion of the Transactions, we will own all of the outstanding interests in KMP, EPB and KMR, and the common units of KMP and EPB and the shares of KMR will cease to be publicly traded. On November 20, 2014, our stockholders and the equity holders of KMP, EPB and KMR provided the necessary approvals related to the Transactions. We currently expect to issue approximately 1.1 billion shares of our Class P common stock and to pay approximately \$3.9 billion of cash consideration in the Transactions and to close the Transactions on or about November 26, 2014. This offering is not conditioned upon the completion of the Transactions, nor is the completion of the Transactions conditioned upon this offering.

After the closing of this offering and immediately after the consummation of the Transactions, we will enter into a cross guarantee agreement with substantially all of our wholly owned subsidiaries whereby each party to the agreement will unconditionally guarantee the indebtedness of each other party to the agreement. We expect that the closing of this offering and the Transactions and the execution of the cross guarantee agreement will occur on the same day. As a result of the cross guarantee agreement, each of our subsidiaries party to the agreement will unconditionally guarantee the notes offered hereby. Additionally, we will guarantee the debt of such subsidiaries, which totaled

approximately \$27.8 billion as of September 30, 2014. For more information, see "Capitalization" in this prospectus supplement and "Cross Guarantee" in the accompanying prospectus.

Interest on the notes due 2019 will be paid semi-annually in arrears on June 1 and December 1 of each year, beginning on June 1, 2015. Interest on the notes due 2025 will be paid semi-annually in arrears on June 1 and December 1 of each year, beginning on June 1, 2015. Interest on the notes due 2034 will be paid semi-annually in arrears on June 1 and December 1 of each year, beginning on June 1, 2015. Interest on the notes due 2045 will be paid semi-annually in arrears on June 1 and December 1 of each year, beginning on June 1, 2015. Interest on the notes will accrue from November 26, 2014.</p>
Use of Proceeds	<p>We estimate that we will receive approximately \$5,946 million from the sale of the notes, after deducting the underwriting discount and estimated offering expenses. We expect to use the net proceeds from this offering to pay the cash portion of the merger consideration for the KMP merger and the EPB merger, related fees and expenses of the Transactions, and indebtedness outstanding under our and KMP's existing credit agreements. See "Use of Proceeds" in this prospectus supplement.</p> <p>Affiliates of certain of the underwriters are lenders under our and KMP's existing credit agreements, and Barclays Capital Inc., one of the underwriters, is acting as financial advisor in connection with the Transactions. Accordingly, these entities will receive a portion of the proceeds from this offering. See "Underwriting—Conflicts of Interest."</p>

Optional Redemption	At any time prior to maturity in the case of the notes due 2017, November 1, 2019 in the case of the notes due 2019, March 1, 2025 in the case of the notes due 2025, June 1, 2034 in the case of the notes due 2034, and December 1, 2044 in the case of the notes due 2045, we may redeem all or a part of the notes of the applicable series at a price equal to the sum of 100% of the principal amount of the notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date, and a make-whole premium calculated as described herein. At any time beginning on or after the applicable date in the preceding sentence, we may also redeem all or a part of the notes of the applicable series at a price equal to 100% of the principal amount of the notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date. See "Description of Notes—Optional Redemption."
Guarantees	The notes will be unconditionally guaranteed, jointly and severally, by substantially all of our wholly owned subsidiaries (the "subsidiary guarantors") pursuant to a cross guarantee agreement that we will enter into after the closing of this offering and immediately after the consummation of the Transactions. See "Description of Notes—Guarantees."
Ranking	<p>The indebtedness evidenced by the notes will be unsecured and will rank equally in right of payment with all of our and the subsidiary guarantors' other unsecured and unsubordinated indebtedness from time to time outstanding. The notes will be effectively subordinated to any of our secured debt and the secured debt of the subsidiary guarantors to the extent of the value of the assets securing such debt. As of the date of this prospectus supplement, neither we nor any of the subsidiary guarantors had any secured debt outstanding. After giving effect to this offering, the Transactions and the cross guarantee, there will be approximately \$39.3 billion of outstanding indebtedness subject to the cross guarantee agreement, none of which will be secured.</p> <p>See "Description of Notes—Ranking." The indenture does not limit the amount of debt we may incur.</p>
Certain Covenants	<p>We will issue the notes under an indenture with U.S. Bank National Association, as trustee. None of our subsidiaries is or will be a party to the indenture. The indenture includes covenants, including limitations on:</p> <ul style="list-style-type: none">• liens; and• sale-leaseback transactions. <p>These covenants are subject to a number of important exceptions, limitations and qualifications that are described under "Description of Debt Securities" in the accompanying prospectus.</p>

Risk Factors	An investment in the notes involves risks. Please read "Risk Factors" beginning on page S-6 and "Information Regarding Forward-Looking Statements" in our, KMP's, EPB's and KMR's Annual Reports on Form 10-K for the year ended December 31, 2013, in each case, as updated by our and their respective subsequently filed Exchange Act reports. Realization of any of those risks or adverse results from any of the listed matters could have a material adverse effect on our business, financial condition, cash flows and results of operations.

RISK FACTORS

An investment in the notes involves risks. You should consider carefully the risks described below, in addition to the other information contained or incorporated by reference in this prospectus supplement and accompanying prospectus. Specifically, please read "Risk Factors" and "Information Regarding Forward-Looking Statements" in our, KMP's, EPB's and KMR's Annual Reports on Form 10-K for the year ended December 31, 2013, in each case, as updated by our, KMP's, EPB's and KMR's subsequently filed Exchange Act reports. Realization of any of those risks or adverse results from any of the listed matters could have a material adverse effect on our business, financial condition, cash flows and results of operations, and you might lose all or part of your investment.

Risks Related to the Notes

The guarantees by certain of our subsidiaries of the notes could be deemed fraudulent conveyances under certain circumstances, and a court may try to subordinate or void these subsidiary guarantees.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee can be voided, or claims under a guarantee may be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

- intended to hinder, delay or defraud any present or future creditor or received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee;
- was insolvent or rendered insolvent by reason of such incurrence;
- was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

In addition, any payment by that guarantor under a guarantee could be voided and required to be returned to the guarantor or to a fund for the benefit of the creditors of the guarantor. The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a subsidiary guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- the present saleable value of its assets was less than the amount that would be required to pay its probable liability, including contingent liabilities, on its existing debts as they become absolute and mature; or
- it could not pay its debts as they became due.

If the guarantee of any guarantor under the cross guarantee agreement were to be voided as a fraudulent conveyance or held unenforceable for any other reason, holders of the notes would cease to have any claim in respect of such guarantor and would be creditors solely of us and any guarantor whose guarantee was not voided or held unenforceable. In such event, noteholders' claims against us concerning an invalid guarantee would be subject to the prior payment of all liabilities of such guarantor. There can be no assurance that, after providing for all prior claims, there would be sufficient assets to satisfy your claims relating to any voided guarantee.

CONSOLIDATED RATIOS OF EARNINGS TO FIXED CHARGES

Our historical consolidated ratios of earnings to fixed charges for the periods indicated are as follows:

Nine Months Ended September 30,	Year Ended December 31,				
2014	2013	2012	2011	2010	2009
2.57	2.74	2.02	1.99	1.75	2.14

In all cases, earnings are determined by adding:

- income before income taxes, extraordinary items, equity income and noncontrolling interests; plus
- fixed charges, amortization of capitalized interest and distributed income of equity investees; less
- capitalized interest.

In all cases, fixed charges include:

- interest, including capitalized interest; plus
- amortization of debt issuance costs; plus
- the estimated interest portion of rental expenses.

USE OF PROCEEDS

We expect the net proceeds from this offering of notes to be approximately \$5,946 million, after deducting the underwriting discounts and our estimated expenses of the offering. We expect to use the net proceeds from this offering to pay (i) the cash portion of the merger consideration for the KMP merger and the EPB merger, (ii) related fees and expenses of the Transactions and (iii) indebtedness outstanding under (a) our credit agreement, dated as of May 6, 2014, by and among us, a syndicate of lenders and Barclays Bank PLC ("Barclays Bank"), as administrative agent (the "KMI Credit Agreement"), (b) KMP's credit agreement, dated as of May 1, 2013, by and among KMP, Kinder Morgan Operating L.P. "B", a syndicate of lenders and Wells Fargo Bank, National Association, as administrative agent (the "KMP Credit Agreement") and (c) EPB's credit agreement, dated as of May 27, 2011, by and among EPB, El Paso Pipeline Partners Operating Company, L.L.C., Wyoming Interstate Company, L.L.C., a syndicate of lenders and Bank of America, N.A., as administrative agent (the "EPB Credit Agreement" and, together with the KMI Credit Agreement and the KMP Credit Agreement, the "Existing Credit Agreements"). We currently expect the cash consideration and expenses to be paid in connection with the Transactions will be approximately \$4.1 billion in the aggregate. As of November 21, 2014, there was \$650 million of term loan indebtedness and \$820 million of revolving credit facility borrowings outstanding under the KMI Credit Agreement, \$1,750 million of revolving credit facility borrowings outstanding under the KMP Credit Agreement and no borrowings outstanding under the EPB Credit Agreement.

We have entered into a revolving credit agreement, dated as of September 19, 2014, by and among us, a syndicate of lenders and Barclays Bank, as administrative agent (the "New Revolving Credit Agreement"). The New Revolving Credit Agreement will be effective upon the closing of the Transactions and will replace the KMI Credit Agreement, the KMP Credit Agreement and the EPB Credit Agreement. To the extent the net proceeds from this offering are not sufficient to pay all amounts described in the paragraph above, we will use borrowings under the New Revolving Credit Agreement to repay borrowings outstanding under the Existing Credit Agreements.

The term loan facility under the KMI Credit Agreement is scheduled to mature on May 6, 2017, and bears interest at a variable rate, which was approximately 2.13% as of November 21, 2014. The revolving credit facility under the KMI Credit Agreement is scheduled to mature on May 6, 2019, and bears interest at a variable rate, which was approximately 2.13% as of November 21, 2014. The KMP Credit Agreement is scheduled to mature on May 1, 2018, and bears interest at a variable rate, which was approximately 1.335% as of November 21, 2014.

Affiliates of several of the underwriters are lenders under the KMI Credit Agreement and the KMP Credit Agreement, and Barclays Capital Inc., one of the underwriters, is acting as our financial advisor in connection with the Transactions. Accordingly, these entities will receive a portion of the proceeds from this offering. See "Underwriting—Conflicts of Interest."

This offering is not conditioned upon completion of the Transactions, nor is completion of the Transactions conditioned upon completion of this offering.

CAPITALIZATION

The following table sets forth our historical consolidated capitalization as of September 30, 2014 and our consolidated capitalization as adjusted to give effect to:

- the issuance of the notes pursuant to this prospectus supplement; and
- the repayment of indebtedness outstanding under the Existing Credit Agreements with a portion of the net proceeds from this offering as described under "Use of Proceeds" in this prospectus supplement.

You should read this table in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our historical financial statements and notes to those financial statements that are incorporated by reference in this prospectus supplement and the accompanying prospectus.

DESCRIPTION OF NOTES

We will issue each series of notes under the existing indenture that we have entered into with U.S. Bank National Association. The following description, together with the description in the accompanying prospectus, is a summary of the material provisions of the notes and the indenture. It does not restate the indenture in its entirety. We urge you to read the indenture because it, and not this description, defines your rights as holders of the notes. We have filed a copy of the indenture as an exhibit to the registration statement which includes the accompanying prospectus. In this description, the terms "we," "us" and "our" mean Kinder Morgan, Inc. only and not any of its subsidiaries or affiliates.

This description of the notes supplements, and, to the extent it is inconsistent, replaces, the description of the general provisions of the notes and the indenture in the accompanying prospectus. The notes are "senior debt securities" as that term is used in the accompanying prospectus, and will be issued in book-entry form only. Since only registered holders of a note will be treated as the owner of it for all purposes and only registered holders have rights under the indenture, references in this section to holders mean only registered holders of notes. See "Description of Debt Securities—Form, Denomination and Registration; Book-Entry Only System" in the accompanying prospectus.

General

The notes will not be entitled to the benefit of a sinking fund.

We may issue and sell additional notes of each series in the future with the same terms as the notes being offered hereby (except for the public offering price, issue date and, if applicable, the initial interest payment date) without the consent of the holders of any series of notes. Any such additional notes will constitute a single series of notes under the indenture.

Principal, Maturity and Interest

The notes due 2017 will mature on December 1, 2017, unless redeemed sooner as described below. Interest on the notes will accrue at the rate of 2.000% per year and will be payable semi-annually in arrears on June 1 and December 1 of each year, commencing June 1, 2015. We will make each interest payment on the notes to the person in whose name such notes are registered at the close of business on the immediately preceding May 15 or November 15, as the case may be, whether or not such date is a business day.

The notes due 2019 will mature on December 1, 2019, unless redeemed sooner as described below. Interest on the notes will accrue at the rate of 3.050% per year and will be payable semi-annually in arrears on June 1 and December 1 of each year, commencing June 1, 2015. We will make each interest payment on the notes to the person in whose name such notes are registered at the close of business on the immediately preceding May 15 or November 15, as the case may be, whether or not such date is a business day.

The notes due 2025 will mature on June 1, 2025, unless redeemed sooner as described below. Interest on the notes will accrue at the rate of 4.300% per year and will be payable semi-annually in arrears on June 1 and December 1 of each year, commencing June 1, 2015. We will make each interest payment on the notes to the person in whose name such notes are registered at the close of business on the immediately preceding May 15 or November 15, as the case may be, whether or not such date is a business day.

The notes due 2034 will mature on December 1, 2034, unless redeemed sooner as described below. Interest on the notes will accrue at the rate of 5.300% per year and will be payable semi-annually in arrears on June 1 and December 1 of each year, commencing June 1, 2015. We will make each interest payment on the notes to the person in whose name such notes are registered at the close of business

on the immediately preceding May 15 or November 15, as the case may be, whether or not such date is a business day.

The notes due 2045 will mature on June 1, 2045, unless redeemed sooner as described below. Interest on the notes will accrue at the rate of 5.550% per year and will be payable semi-annually in arrears on June 1 and December 1 of each year, commencing June 1, 2015. We will make each interest payment on the notes to the person in whose name such notes are registered at the close of business on the immediately preceding May 15 or November 15, as the case may be, whether or not such date is a business day.

Interest on the notes will accrue from November 26, 2014, and will be computed on the basis of a 360-day year comprised of twelve 30-day months.

If any interest payment date, maturity date or redemption date falls on a day that is not a business day, the payment will be made on the next business day, and no interest will accrue for the period from and after such interest payment date, maturity date or redemption date.

Guarantees

In connection with the Transactions, we will enter into a cross guarantee agreement with substantially all of our wholly owned subsidiaries (the "subsidiary guarantors") whereby each party to the agreement, including us, will unconditionally guarantee the indebtedness of each other party to the agreement. As a result, the subsidiary guarantors will fully and unconditionally guarantee the full and prompt payment of the principal of and any premium and interest on the notes when and as the payment becomes due and payable, whether at maturity or otherwise. The cross guarantee agreement will become effective after the closing of this offering and immediately after the consummation of the Transactions, all of which we expect will occur on or about November 26, 2014. For more information, see "Cross Guarantee" in the accompanying prospectus.

Ranking

The indebtedness evidenced by the notes will be unsecured and will rank equally in right of payment with all of our and the subsidiary guarantors' other unsecured and unsubordinated indebtedness from time to time outstanding, including indebtedness under the New Revolving Credit Agreement and our and the subsidiary guarantors' outstanding series of senior notes. The notes will be effectively subordinated to any of our secured debt and the secured debt of the subsidiary guarantors to the extent of the value of the assets securing such debt. As of the date of this prospectus supplement, neither we nor any of the subsidiary guarantors had any secured debt outstanding.

The indenture does not limit our ability to incur additional indebtedness or contain provisions that would afford holders of notes protection in the event of a sudden and significant decline in our credit quality or a takeover, recapitalization or highly leveraged or similar transaction. Accordingly, we could in the future enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise adversely affect our capital structure or credit rating.

Optional Redemption

At any time prior to maturity in the case of the notes due 2017, November 1, 2019 in the case of the notes due 2019, March 1, 2025 in the case of the notes due 2025, June 1, 2034 in the case of the notes due 2034, and December 1, 2044 in the case of the notes due 2045, the notes of the applicable series will be redeemable, at our option, at any time in whole, or from time to time in part, upon not less than 30 and not more than 60 days notice mailed to each holder of the notes to be redeemed at the holder's address appearing in the note register, at a price equal to 100% of the principal amount of the notes to be redeemed plus accrued and unpaid interest to, but excluding, the redemption date,

subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date, plus a make-whole premium, if any. At any time beginning on or after the applicable date in the preceding sentence, the notes of the applicable series will be redeemable in whole or in part, at our option, at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus unpaid interest accrued to, but excluding, the date of redemption. In no event will the redemption price ever be less than 100% of the principal amount of the notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date.

The amount of the make-whole premium on any note, or portion of a note, to be redeemed will be equal to the excess, if any, of:

- (1) the sum of the present values, calculated as of the redemption date, of:
 - each interest payment that, but for the redemption, would have been payable on the note, or portion of a note, being redeemed on each interest payment date occurring after the redemption date, excluding any accrued and unpaid interest for the period prior to the redemption date; and
 - the principal amount that, but for the redemption, would have been payable at the stated maturity of the note, or portion of a note, being redeemed;

over

- (2) the principal amount of the note, or portion of a note, being redeemed.

The present value of interest and principal payments referred to in clause (1) above will be determined in accordance with generally accepted principles of financial analysis. The present values will be calculated by discounting the amount of each payment of interest or principal from the date that each such payment would have been payable, but for the redemption, to the redemption date at a discount rate equal to the Treasury Yield, as defined below, plus 0.20% in the case of the notes due 2017, 0.25% in the case of the notes due 2019, 0.35% in the case of the notes due 2025, 0.35% in the case of the notes due 2034 and 0.40% in the case of the notes due 2045.

The make-whole premium will be calculated by an independent investment banking institution of national standing appointed by us. It could be one of the underwriters. If we fail to make that appointment at least 30 business days prior to the redemption date, or if the institution so appointed is unwilling or unable to make the calculation, the financial institution named in the notes will make the calculation. If the financial institution named in the notes is unwilling or unable to make the calculation, an independent investment banking institution of national standing appointed by the trustee will make the calculation.

For purposes of determining the make-whole premium, Treasury Yield refers to an annual rate of interest equal to the weekly average yield to maturity of United States Treasury Notes that have a constant maturity that corresponds to the remaining term to maturity of the notes to be redeemed, calculated to the nearer $\frac{1}{12}$ of a year, which we call the remaining term. The Treasury Yield will be determined as of the third business day immediately preceding the applicable redemption date.

The weekly average yields of United States Treasury Notes will be determined by reference to the most recent statistical release published by the Federal Reserve Bank of New York and designated "H.15(519) Selected Interest Rates" or any successor release, which we call the H.15 Statistical Release. If the H.15 Statistical Release sets forth a weekly average yield for United States Treasury Notes having a constant maturity that is the same as the remaining term of the notes to be redeemed, then the Treasury Yield will be equal to that weekly average yield. In all other cases, the Treasury Yield will be calculated by interpolation, on a straight-line basis, between the weekly average yields on the United States Treasury Notes that have a constant maturity closest to and greater than the

remaining term of the notes to be redeemed and the United States Treasury Notes that have a constant maturity closest to and less than the remaining term, in each case as set forth in the H.15 Statistical Release. Any weekly average yields so calculated by interpolation will be rounded to the nearer 0.01%, with any figure of 0.0050% or more being rounded upward. If weekly average yields for United States Treasury Notes are not available in the H.15 Statistical Release or otherwise, then the Treasury Yield will be calculated by interpolation of comparable rates selected by the independent investment banking institution.

If less than all of the notes of a series are to be redeemed, the trustee will select the notes to be redeemed by a method that the trustee deems fair and appropriate. The trustee may select for redemption notes and portions of notes in amounts of \$2,000 or integral multiples of \$1,000 in excess thereof.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the material U.S. federal income tax considerations relevant to the purchase, ownership and disposition of the notes offered in this offering. This summary is based upon current provisions of the Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed Treasury Regulations promulgated thereunder, Internal Revenue Service ("IRS") rulings and pronouncements, and judicial decisions, all as in effect on the date hereof, and all of which are subject to change, possibly on a retroactive basis, at any time by legislative, judicial or administrative action. We cannot assure you that the IRS will not challenge the conclusions stated below, and no ruling from the IRS or an opinion of counsel has been or will be sought on any of the matters discussed below.

The following summary does not purport to be a complete analysis of all the potential U.S. federal income tax considerations relating to the purchase, ownership, and disposition of the notes. Without limiting the generality of the foregoing, this summary does not address the effect of any special rules applicable to certain types of beneficial owners, including, without limitation, dealers in securities or currencies, insurance companies, financial institutions, thrifts, regulated investment companies, real estate investment trusts, tax-exempt entities, U.S. Holders whose functional currency is not the U.S. dollar, U.S. expatriates, persons subject to the alternative minimum tax, persons who hold notes as part of a straddle, hedge, conversion transaction, or other risk reduction or integrated investment transaction, investors in securities that elect to use a mark-to-market method of accounting for their securities holdings, individual retirement accounts or qualified pension plans, controlled foreign corporations, passive foreign investment companies, or investors in pass through entities, including partnerships and Subchapter S corporations. In addition, this summary is limited to holders who are the initial purchasers of the notes at their original issue price, which will equal the first price to the public (not including bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers) at which a substantial amount of the notes is sold for money, and who hold the notes as capital assets within the meaning of Section 1221 of the Code (generally property held for investment). This summary does not address the effect of any U.S. state or local income or other tax laws, any U.S. federal estate and gift tax laws, or any foreign tax laws.

If a partnership or other entity classified as a partnership for U.S. federal income tax purposes holds notes, the tax treatment of a partner of such partnership will generally depend on the tax status of the partner and the tax treatment of the partnership. Partnerships holding notes and partners in such partnerships should consult their tax advisors as to the particular U.S. federal income tax consequences of the purchase, ownership and disposition of the notes.

Optional Redemption

In certain circumstances described under "Description of Notes—Optional Redemption" we may be obligated to make payments on the notes in excess of stated interest and principal. We intend to take the position that the notes should not be treated as contingent payment debt instruments because of these additional payments. Assuming such position is respected, a holder of notes would be required to include in income the amount of any such additional payment at the time such payments are received or accrued in accordance with the holder's method of accounting for U.S. federal income tax purposes. Our determination is binding on a holder, unless the holder explicitly discloses a contrary treatment in a statement attached to its timely filed U.S. federal income tax return for the taxable year during with the notes were acquired. Holders are urged to consult their own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Consequences to U.S. Holders

The following summarizes certain material U.S. federal income tax consequences to U.S. Holders of the purchase, ownership, and disposition of the notes. As used herein, the term "U.S. Holder" means a beneficial owner of a note who or that is for U.S. federal income tax purposes:

- an individual who is a citizen of the United States or who is a resident alien of the United States;
- a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust, or if a valid election is in effect under applicable Treasury Regulations to be treated as a United States person.

Interest on the Notes—A U.S. Holder will be required to recognize as ordinary income all interest paid or accrued on the notes in accordance with such U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Sale, Exchange, Redemption, or Retirement of a Note—A U.S. Holder will generally recognize capital gain or loss on a sale, exchange, redemption, retirement, or other taxable disposition of a note measured by the difference, if any, between:

- the amount of cash and the fair market value of any property received (except to the extent that the cash or other property received in respect of a note is attributable to accrued but unpaid interest on the note, which amount will be taxable as ordinary interest income to the extent not previously included in income); and
- the U.S. Holder's adjusted tax basis in the note.

A U.S. Holder's adjusted tax basis in the notes generally will equal the amount paid for the notes. The capital gain or loss will be treated as a long-term capital gain or loss if, at the time of the sale or exchange, the note has been held by the U.S. Holder for more than one year. Long-term capital gains recognized by certain non-corporate U.S. Holders, including individuals, generally will be subject to a reduced rate of tax. The deductibility of capital losses is subject to certain limitations. U.S. Holders of the notes should consult their tax advisors regarding the treatment of capital gains and losses.

Information Reporting and Backup Withholding—Information reporting will generally apply to payments of interest on, and the proceeds of the sale, exchange, retirement, redemption or other disposition of, the notes held by a U.S. Holder, and backup withholding may apply unless the U.S. Holder provides the applicable withholding agent with a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise establishes an exemption from backup withholding. Any amount withheld under the backup withholding rules is allowable as a credit against the U.S. Holder's U.S. federal income tax liability, if any, and a refund may be obtained if the amounts withheld exceed the U.S. Holder's actual U.S. federal income tax liability and the U.S. Holder timely provides the required information or appropriate claim form to the IRS.

Additional Tax on Net Investment Income—An additional 3.8% net investment income tax is imposed on certain "net investment income" earned by individuals, estates, and trusts. For this purpose, net investment income generally includes gross income from interest and net gain from the disposition of property, such as the notes, less certain deductions. In the case of an individual, the tax will be

imposed on the lesser of (1) the individual's net investment income or (2) the individual's modified adjusted gross income in excess of \$250,000 (for an individual who is married and filing jointly or a surviving spouse), \$125,000 (for an individual who is married and filing separately) or \$200,000 (in any other case). In the case of an estate or trust, the tax will be imposed on the lesser of (1) undistributed net investment income, or (2) the excess adjusted gross income over the dollar amount at which the highest income tax bracket applicable to an estate or trust begins.

Consequences to Non-U.S. Holders

The following summarizes certain material U.S. federal income tax consequences to Non-U.S. Holders of the purchase, ownership, and disposition of the notes. For purposes of this discussion, a "Non-U.S. Holder" is a beneficial owner of a note who is not classified for U.S. federal income tax purposes as a partnership and who is not a U.S. Holder.

Interest on the Notes—Subject to the discussion below on backup withholding and FATCA, payments of interest on a note to a Non-U.S. Holder that are not effectively connected with such Non-U.S. Holder's U.S. trade or business generally will not be subject to U.S. federal income tax and will be exempt from U.S. withholding tax under the portfolio interest exemption provided that:

- the Non-U.S. Holder is not an actual or constructive owner of 10% or more of the total combined voting power of all classes of our voting stock;
- the Non-U.S. Holder is not a controlled foreign corporation for U.S. federal income tax purposes that is related, directly or indirectly, to us through stock ownership;
- the Non-U.S. Holder is not a bank that acquired the notes in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; and
- the Non-U.S. Holder provides its name and address and certifies, under penalties of perjury, that it is not a United States person as defined under the Code (which certification may be made on an IRS Form W-8BEN or W-8BEN-E (or other applicable form)), (2) the Non-U.S. Holder holds its notes through certain foreign intermediaries and it satisfies the certification requirements of applicable Treasury Regulations, or (3) a securities clearing organization, bank, or other financial institution that holds customers' securities in the ordinary course of its trade or business holds the notes on behalf of the Non-U.S. Holder and such securities clearing organization, bank, or other financial institution satisfies the certification requirements of applicable Treasury Regulations.

If the payments of interest on a note are effectively connected with the conduct by a Non-U.S. Holder of a trade or business in the United States (and, in the event that an income tax treaty is applicable, if the payments of interest are attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder), such payments will not be subject to withholding of U.S. federal income tax so long as the Non-U.S. Holder provides the applicable withholding agent with a properly completed IRS Form W-8ECI (or other applicable form), signed under penalties of perjury. However, such payments will be subject to U.S. federal income tax at on a net basis regular graduated income tax rates generally in the same manner as if it were a U.S. Holder, subject to any modification provided under an applicable income tax treaty. In addition, if the Non-U.S. Holder is a foreign corporation for U.S. federal income tax purposes, such payments of interest may also be subject to a branch profits tax at the rate of 30%, or lower applicable treaty rate, of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with its conduct of a trade or business in the United States.

A Non-U.S. Holder that does not qualify for the exemption from U.S. federal withholding tax under the preceding paragraphs will generally be subject to U.S. federal withholding tax at the rate of

30%, on payments of interest on the notes, unless such Non-U.S. Holder provides the applicable withholding agent with a properly executed IRS Form W-8BEN or W-8BEN-E (or other applicable form) claiming exemption from or reduction in withholding under the benefit of an applicable income tax treaty. Income tax treaties may provide for a lower rate of withholding tax, exemption from or reduction of branch profits tax, or other rules different from those described above. A Non-U.S. Holder who is claiming the benefits of an income tax treaty may be required to obtain a U.S. taxpayer identification number and to provide certain documentary evidence issued by foreign governmental authorities to prove residence in the foreign country. Non-U.S. Holders should consult their tax advisors regarding any applicable income tax treaties.

Sale, Exchange, Redemption, or Retirement of a Note—Subject to the discussion below on backup withholding, any gain realized by a Non-U.S. Holder on the sale, exchange, redemption, retirement, or other taxable disposition of a note will generally not be subject to U.S. federal income or withholding tax, unless:

- such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business in the United States (and, in the event that an income tax treaty is applicable, such gain is attributable to a permanent establishment maintained by the Non-U.S. Holder within the United States); or
- the Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are satisfied.

If a Non-U.S. Holder is engaged in a trade or business in the United States and gain on the note is effectively connected with the conduct of such trade or business (and, if an income tax treaty applies, such gain is attributable to a permanent establishment maintained by the Non-U.S. Holder within the United States), the Non-U.S. Holder will be subject to U.S. federal income tax at regular graduated income tax rates generally in the same manner as if it were a U.S. Holder, subject to any modification provided under an applicable income tax treaty. If the Non-U.S. Holder is a foreign corporation for U.S. federal income tax purposes, such gain may also be subject to a branch profits tax at the rate of 30%, or lower applicable treaty rate, of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with its conduct of a trade or business in the United States.

If a Non-U.S. Holder is an individual who is present or deemed to be present in the United States for 183 days or more during the taxable year of the disposition of a note and certain other requirements are met, such Non-U.S. Holder will generally be subject to U.S. federal income tax at a flat rate of 30% (unless a lower applicable income tax treaty rate applies) on any such gain.

Information Reporting and Backup Withholding—Payments to a Non-U.S. Holder of interest on a note, and amounts withheld from such payments, if any, generally will be required to be reported to the IRS and to the Non-U.S. Holder. Copies of these information returns may also be made available to the tax authorities of the country in which the Non-U.S. Holder resides or is established under the provisions of a specific treaty or agreement. These reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable income tax treaty. Backup withholding generally will not apply to payments of interest and principal on a note if the Non-U.S. Holder provides a certification as to its non-U.S. status or the Non-U.S. Holder otherwise establishes an exemption, provided that the applicable withholding agent does not have actual knowledge or reason to know that the Non-U.S. Holder is a United States person.

U.S. backup withholding tax is not an additional tax. Any amount withheld from payments to a Non-U.S. Holder under the backup withholding rules may be credited against such holder's U.S. federal income tax liability, if any, and any excess may be refundable if the proper information is timely provided to the IRS. Non-U.S. Holders should consult their own tax advisors regarding the application of backup withholding and information reporting.

Payment of the proceeds of a disposition of a note effected by the U.S. office of a United States or foreign broker will be subject to information reporting requirements and backup withholding unless the Non-U.S. Holder properly certifies under penalties of perjury as to its foreign status and certain other conditions are met or the Non-U.S. Holder otherwise establishes an exemption. Information reporting requirements and backup withholding generally will not apply to any payment of the proceeds of the disposition of a note effected outside the U.S. by a foreign office of a broker. However, unless such a broker has documentary evidence in its records of the Non-U.S. Holder's foreign status and certain other conditions are met, or the Non-U.S. Holder otherwise establishes an exemption, information reporting will apply to a payment of the proceeds of the sale of a note effected outside the U.S. by such a broker if it has certain relationships with the United States.

U.S. backup withholding tax is not an additional tax. Any amount withheld from payments to a Non-U.S. Holder under the backup withholding rules may be credited against such holder's U.S. federal income tax liability, if any, and any excess may be refundable if the proper information is timely provided to the IRS. Non-U.S. Holders should consult their own tax advisors regarding the application of backup withholding and information reporting.

Additional Withholding Requirements

The Foreign Account Tax Compliance Act ("FATCA") imposes a 30% withholding tax on interest paid on the notes, and on the gross proceeds from a disposition of the notes paid after December 31, 2016, in each case, if paid to a foreign financial institution or non-financial foreign entity (including, in some cases, when such foreign financial institution or non-financial foreign entity is acting as an intermediary), unless (i) the foreign financial institution (for which purposes includes foreign broker-dealers, clearing organizations, investment companies, hedge funds and certain other investment entities) agrees to verify, report and disclose its U.S. accountholders and meets certain other specified requirements, (ii) the non-financial foreign entity that is a beneficial owner of the payment certifies that it does not have any substantial U.S. owners or provides identifying information regarding each substantial U.S. owner, or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. An intergovernmental agreement between the United States and an applicable foreign country, or future Treasury Regulations or other guidance, may modify these requirements. We will not pay additional amounts to holders of the notes in respect of any amounts withheld under FATCA.

Prospective investors are encouraged to consult with their tax advisors regarding the possible implications of FATCA on an investment in the notes.

THE PRECEDING SUMMARY OF VARIOUS U.S. FEDERAL INCOME TAX CONSEQUENCES RELATED TO THE PURCHASE, OWNERSHIP, AND DISPOSITION OF THE NOTES IS SOLELY FOR GENERAL INFORMATION ONLY, AND IS NOT INTENDED TO BE, AND SHOULD NOT BE CONSTRUED TO BE, LEGAL OR TAX ADVICE. THIS SUMMARY DOES NOT ADDRESS ALL THE TAX CONSEQUENCES THAT MAY BE IMPORTANT TO A PARTICULAR HOLDER IN LIGHT OF THE HOLDER'S INVOLVEMENT WITH THE ISSUER OR OTHER CIRCUMSTANCES. ACCORDINGLY, PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR OWN TAX ADVISORS ON THE U.S. FEDERAL, STATE AND LOCAL, AND FOREIGN TAX CONSEQUENCES OF THEIR PURCHASE, OWNERSHIP, AND DISPOSITION OF THE NOTES, AND ON THE CONSEQUENCES OF ANY CHANGES IN APPLICABLE LAW.

UNDERWRITING

Subject to the terms and conditions set forth in an underwriting agreement dated the date of this prospectus supplement, between us and the underwriters named below, for whom Barclays Capital Inc., Citigroup Global Markets Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated and Wells Fargo Securities, LLC are acting as joint bookrunners and representatives, we have agreed to sell to each of the underwriters, and the underwriters have agreed, severally and not jointly, to purchase from us, the principal amount of the notes set forth opposite their respective names below:

The underwriting agreement provides that the underwriters are obligated to purchase, subject to certain conditions, all of the notes in the offering if any are purchased. The conditions contained in the underwriting agreement include requirements generally to the effect that:

- the representations and warranties made by us to the underwriters are true;
- there has been no material adverse change in our condition or in the financial markets; and
- we deliver the customary closing documents to the underwriters.

Underwriting Discounts and Expenses

The underwriters have advised us that they propose initially to offer the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and may offer the notes to selected dealers, which may include the underwriters, at such price less a selling concession not in excess of 0.15% of the principal amount of the notes due 2017, 0.20% of the principal amount of the notes due 2019, 0.25% of the principal amount of the notes due 2025, 0.40% of the principal amount of the notes due 2034 and 0.45% of the principal amount of the notes due 2045. The underwriters may allow, and such dealers may reallow, a discount not in excess of 0.10% of the principal amount of the notes due 2017, 0.15% of the principal amount of the notes due 2019, 0.20% of the principal amount of the notes due 2025, 0.25% of the principal amount of the notes due 2034 and 0.30% of the principal amount of the notes due 2045 on sales to certain other brokers and dealers. After the offering, the underwriters may change the offering price and other selling terms.

The following table summarizes the compensation to be paid by us to the underwriters. The underwriting discounts are the differences between the public offering price and the amount the underwriters pay us to purchase the corresponding notes from us.

	Underwriting Discounts
Per Note due 2017	0.250%
Total	\$ 1,250,000
Per Note due 2019	0.350%
Total	\$ 5,250,000
Per Note due 2025	0.450%
Total	\$ 6,750,000
Per Note due 2034	0.650%
Total	\$ 4,875,000
Per Note due 2045	0.750%
Total	\$ 13,125,000

We estimate that our total expenses for this offering, excluding the underwriting discounts and the SEC filing fees, will be approximately \$4.8 million.

Indemnification

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments that may be required to be made in respect of these liabilities.

Trading Market

The notes are new issues of securities with no established trading market. We do not intend to apply for listing of the notes on any securities exchange. We have been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to whether or not a trading market for the notes will develop or as to the liquidity of any trading market for the notes which may develop.

Settlement

We expect that delivery of the notes will be made to investors on or about the second business day following the date of this prospectus supplement (such settlement being referred to as "T+2").

Stabilization, Short Positions and Penalty Bids

In connection with this offering, the underwriters may engage in stabilizing transactions, overallotment transactions and penalty bids or purchases for the purpose of pegging, fixing or maintaining the price of the notes in accordance with Regulation M under the Exchange Act.

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Overallotment transactions involve sales by the underwriters of the notes in excess of the principal amount of notes the underwriters are obligated to purchase, which creates a syndicate short position. The underwriters may close out any short position by purchasing notes in the open market.
- Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the notes originally sold by the syndicate member are purchased in a stabilizing or syndicate covering transaction to cover a syndicate short position.

These stabilizing transactions, overallotment transactions and penalty bids may have the effect of raising or maintaining the market price of our notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the underwriters will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

Other Relationships

The underwriters and their related entities have, from time to time, engaged in commercial and investment banking transactions with us and our affiliates and provided financial advisory services for us and our affiliates in the ordinary course of their business, and may do so in the future. Affiliates of several of the underwriters are lenders and agents under the KMI credit agreement and the KMP credit agreement. Additionally, on September 19, 2014, we entered into a revolving credit agreement with a syndicate of lenders, including certain affiliates of the underwriters, which revolving credit agreement will become effective immediately following the closing of the Transactions. Barclays Capital Inc. is also acting as our financial advisor in connection with the Transactions. Underwriters and their related entities have received and in the future will receive customary compensation and expense reimbursement for these commercial and investment banking transactions and financial advisory services.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

As described above, affiliates of several of the underwriters are lenders under the KMI Credit Agreement and the KMP Credit Agreement, and Barclays Capital Inc. is acting as our financial advisor in connection with the Transactions. Because a portion of the net proceeds of this offering will be used to repay indebtedness outstanding under the KMI credit agreement and the KMP credit agreement and to pay the expenses incurred in connection with the Transactions, including financial advisory fees, Barclays Capital Inc. and affiliates of several of the underwriters will receive a share of the proceeds of this offering.

Foreign Selling Restrictions

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date"), it has not made and will not make an offer of the securities which are the subject of the offering contemplated by the prospectus as supplemented by this prospectus supplement to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of the securities to the public in that Relevant Member State:

- to legal entities which are qualified investors as defined in the Prospectus Directive;
- to fewer than 100, or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant underwriter or underwriters nominated by us for any such offer; or
- in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of securities shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of securities to the public" in relation to any securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe the securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Each underwriter has further represented and agreed that:

- it has complied and will comply with all the applicable provisions of the Financial Services and Markets Act 2000 ("FSMA") with respect to anything done by it in relation to the securities in, from or otherwise involving the United Kingdom; and
- it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any securities in circumstances in which Section 21(1) of the FSMA does not apply to us.

The securities may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), or (ii) to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a "prospectus" within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), and no advertisement, invitation or document relating to the securities may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to securities which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

VALIDITY OF THE NOTES

The validity of the notes we are offering will be passed upon for us by Bracewell & Giuliani LLP, Houston, Texas. Certain legal matters with respect to the notes will be passed upon for the underwriters by Andrews Kurth LLP, Houston, Texas. Andrews Kurth LLP performs legal services for us and our affiliates from time to time on matters unrelated to the offering of the notes.

PROSPECTUS

Kinder Morgan, Inc.

Common Stock

Debt Securities

We may from time to time, in one or more offerings, offer and sell an unlimited amount of debt securities and an unlimited number of shares of our Class P common stock, referred to as our "common stock," under this prospectus. The debt securities that we may issue from time to time may benefit from a cross guarantee agreement among us and substantially all of our wholly owned subsidiaries. See "Cross Guarantee."

We may offer and sell these securities in amounts, at prices and on terms to be determined by market conditions and other factors at the time of our offerings. This prospectus describes only the general terms of these securities and the general manner in which we will offer the securities. The specific terms of any securities we offer will be included in a supplement to this prospectus. The prospectus supplement also may add, update or change information contained in this prospectus. This prospectus may be used to offer and sell securities only if accompanied by a prospectus supplement. We urge you to read this prospectus and the applicable prospectus supplement carefully before you invest. You should also read the documents we refer to in the section entitled "Where You Can Find More Information" in this prospectus.

Our common stock is listed on the New York Stock Exchange under the symbol "KMI." We will provide information in the related prospectus supplement for the trading market, if any, for any debt securities that may be offered.

Investing in our securities involves risks. You should review carefully the risk factors identified in the documents incorporated by reference herein for a discussion of important risks you should consider before investing in our securities. Also, please read the section entitled "Cautionary Statement Regarding Forward-Looking Statements" in this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is November 21, 2014.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the SEC under the Securities Act using a shelf registration process. Using this shelf registration process, we may offer from time to time, in one or more offerings, and sell an unlimited number and amount of any combination of the securities described in this prospectus in one or more offerings at an aggregate initial offering price to be specified at the time of any such offering. This prospectus does not contain all of the information set forth in the registration statement, or the exhibits that are a part of the registration statement, parts of which are omitted as permitted by the rules and regulations of the SEC. For further information about us and about the securities to be sold pursuant to this prospectus, please refer to the information below and to the registration statement and the exhibits that are a part of the registration statement.

Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering and the securities offered by us in that offering. The prospectus supplement may also add, update or change information contained in this prospectus.

As used in this prospectus, the terms "we," "us" and "our" mean Kinder Morgan, Inc. and, unless the context otherwise indicates, include its consolidated subsidiaries.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and other reports, proxy statements and other information with the SEC. The SEC allows us to incorporate by reference into this prospectus the information we file with it, which means that we can disclose important information to you by referring you to those documents. This prospectus contains summaries of certain provisions contained in some of the documents described herein, but reference is made to the actual documents for complete information. All of the summaries are qualified in their entirety by reference to the actual documents. The information incorporated by reference is an important part of this prospectus, and information that we file later with the SEC will automatically update and supersede this information as well as the information included in this prospectus. Some documents or information, such as that called for by Items 2.02 and 7.01 of Form 8-K, or the exhibits related thereto under Item 9.01 of Form 8-K, are deemed furnished and not filed in accordance with SEC rules. None of those documents and none of that information is incorporated by reference into this prospectus. We incorporate by reference the following documents:

- Our Annual Report on Form 10-K for the year ended December 31, 2013;
- Our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014, June 30, 2014 and September 30, 2014;
- Our Current Reports on Form 8-K filed on May 9, 2014, May 21, 2014, August 11, 2014, August 12, 2014, September 25, 2014, October 22, 2014, October 30, 2014 and November 14, 2014;
- Our Registration Statement on Form 8-A filed on February 10, 2011;
- Our Proxy Statement on Schedule 14A filed on April 9, 2014; and
- All documents filed with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Exchange Act between the date of this prospectus and the completion of the sale of securities offered hereby.

The SEC maintains an Internet web site that contains reports, proxy and information statements and other material that are filed through the SEC's Electronic Data Gathering, Analysis and Retrieval (EDGAR) System. This system can be accessed at <http://www.sec.gov>. You can find information we file

with the SEC by reference to our company name or to our SEC file number, 1-35081. You also may read and copy any document we file with the SEC at the SEC's public reference room located at:

100 F Street, N.E., Room 1580
Washington, D.C. 20549

Please call the SEC at 1-800-SEC-0330 for further information about the public reference room and its copy charges. Our SEC filings are also available to the public through the New York Stock Exchange, on which our common stock is listed, at 20 Broad Street, New York, New York 10005.

In addition, in connection with our proposed acquisition of Kinder Morgan Energy Partners, L.P. ("KMP"), Kinder Morgan Management, LLC ("KMR") and El Paso Pipeline Partners, L.P. ("EPB") described under "Kinder Morgan, Inc." below, we incorporate by reference the following documents:

KMP's Filings (SEC File No. 001-11234)

- Annual Report on Form 10-K for the year ended December 31, 2013; and
- Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014, June 30, 2014 and September 30, 2014.

KMR's Filings (SEC File No. 001-16459)

- Annual Report on Form 10-K for the year ended December 31, 2013; and
- Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014, June 30, 2014 and September 30, 2014.

EPB's Filings (SEC File No. 001-33825)

- Annual Report on Form 10-K for the year ended December 31, 2013; and
- Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014, June 30, 2014 and September 30, 2014.

We will provide a copy of any document incorporated by reference in this prospectus and any exhibit specifically incorporated by reference in those documents, without charge, by written or oral request directed to us at the following address and telephone number:

KINDER MORGAN, INC.

We are a publicly traded Delaware corporation, with our common stock traded on the New York Stock Exchange ("NYSE") under the ticker "KMI." We are the largest midstream and the third largest energy company in North America with a combined enterprise value of approximately \$120 billion. We own an interest in or operate approximately 80,000 miles of pipelines and 180 terminals. Our pipelines transport natural gas, refined petroleum products, crude oil, condensate, carbon dioxide ("CO₂") and other products, and our terminals transload and store petroleum products, ethanol and chemicals, and handle such products as coal, petroleum coke and steel. We are also the leading producer and transporter of CO₂, for enhanced oil recovery projects in North America.

We own the general partner interest of, and significant limited partner interests in, Kinder Morgan Energy Partners, L.P. ("KMP") and El Paso Pipeline Partners, L.P. ("EPB"), and significant limited liability company interests in Kinder Morgan Management, LLC ("KMR"), including all of its voting shares.

On August 9, 2014, we entered into a separate definitive merger agreement with each of KMP, EPB and KMR, pursuant to which we will acquire directly or indirectly all of the outstanding common units of KMP and EPB and all of the outstanding shares of KMR that we and our subsidiaries do not already own. The mergers and the other transactions contemplated by each of these merger agreements are collectively referred to as the "Transactions." Upon completion of the Transactions, we will own all of the outstanding interests in KMP, EPB and KMR, and the common units of KMP and EPB and the shares of KMR will cease to be publicly traded.

Immediately after the consummation of the Transactions, we will enter into a cross guarantee agreement with substantially all of our wholly owned subsidiaries whereby each party to the agreement will unconditionally guarantee the indebtedness of each other party to the agreement. As a result, each of our subsidiaries party to the agreement will unconditionally guarantee the debt securities to be offered hereby. Additionally, we will become liable for the debt of our wholly owned subsidiaries. For more information, see "Cross Guarantee."

The address of our principal executive offices is 1001 Louisiana Street, Suite 1000, Houston, Texas 77002, and our telephone number at this address is (713) 369-9000.

USE OF PROCEEDS

Unless we inform you otherwise in a prospectus supplement, we intend to use the net proceeds from the sale of debt securities or common stock we are offering for general corporate purposes. This may include, among other things, additions to working capital, repayment or refinancing of existing indebtedness or other corporate obligations, financing of capital expenditures and acquisitions, investment in existing and future projects, and repurchases and redemptions of securities. Pending any specific application, we may initially invest funds in short-term marketable securities or apply them to the reduction of other indebtedness.

DESCRIPTION OF DEBT SECURITIES

General

We may issue debt securities from time to time in one or more series. The debt securities will be:

- our direct unsecured general obligations; and
- either senior debt securities or subordinated debt securities.

Senior debt securities will be issued under an indenture we call the senior indenture, and subordinated debt securities will be issued under an indenture we call the subordinated indenture. Together the senior indenture and the subordinated indenture are called the indentures, and the senior debt securities and the subordinated debt securities are called debt securities.

We have not restated these indentures in their entirety. The indentures are filed as exhibits to the registration statement of which this prospectus is a part. We urge you to read the indentures, because they, and not this description, control your rights as holders of the debt securities. In the summary below, we have included references to section numbers of the applicable indenture so that you can easily locate these provisions. Capitalized terms used in the summary have the meanings specified in the indentures. In this section, the words "we," "us" and "our" refer only to Kinder Morgan, Inc. and not to any of its subsidiaries or affiliates.

Neither indenture limits the amount of debt securities that we may issue under the indenture from time to time in one or more series. We may in the future issue debt securities under either indenture, in addition to the debt securities offered pursuant to this prospectus. As of the date of this prospectus, \$1.5 billion of debt securities were outstanding under the senior indenture and no debt securities were outstanding under the subordinated indenture.

Neither indenture contains provisions that would afford holders of debt securities protection in the event of a sudden and significant decline in our credit quality or a takeover, recapitalization or highly leveraged or similar transaction. Accordingly, in the future we could enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise adversely affect our capital structure or credit ratings.

None of the debt securities will be secured by our property or assets or those of our subsidiaries. Neither indenture requires our subsidiaries to guarantee the debt securities. The cross guarantee agreement described under "Cross Guarantee" is not a part of either indenture, and none of our subsidiaries is or will be a party to either indenture.

The registered holder of a debt security will be treated as the owner of it for all purposes. Only registered holders have rights under an indenture. References in this section to holders mean only registered holders of debt securities. See "—Form, Denomination and Registration; Book-Entry Only System."

Specific Terms of Each Series of Debt Securities in the Prospectus Supplement

A prospectus supplement and any supplemental indenture or other necessary corporate action taken pursuant to an indenture relating to any series of debt securities being offered will include specific terms relating to the offering. Examples of these terms include the following:

- the form and title of the debt securities;
- whether the debt securities are senior debt securities or subordinated debt securities and the terms of subordination;
- the total principal amount of the debt securities;

- the portion of the principal amount which will be payable if the maturity of the debt securities is accelerated;
- the currency or currency unit in which the debt securities will be paid, if not U.S. dollars;
- any right we may have to defer payments of interest by extending the dates payments are due and whether interest on those deferred amounts will be payable as well;
- the place where the principal of, and premium, if any, and interest on, any debt securities will be payable;
- the dates on which the principal of the debt securities will be payable;
- the rate at which the debt securities will bear interest and the interest payment dates for the debt securities;
- any optional redemption provisions;
- any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;
- any changes to or additional events of default or covenants;
- any change in the trustee, paying agent or security registrar; and
- any other terms of the debt securities. (Section 301)

We will maintain in each place specified by us for payment of any series of debt securities an office or agency where debt securities of that series may be presented or surrendered for payment, where debt securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us in respect of the debt securities of that series and the related indenture may be served. (Section 1002)

Debt securities may be issued under an indenture as Original Issue Discount Securities to be offered and sold at a substantial discount below their principal amount. Material federal income tax, accounting and other considerations applicable to any such Original Issue Discount Securities will be described in any related prospectus supplement. "Original Issue Discount Security" means any security which provides for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of the maturity thereof as a result of the occurrence of an event of default and the continuation thereof. (Section 101)

Provisions Only in the Senior Indenture

The senior debt securities will rank equally in right of payment with all of our other senior and unsubordinated Debt. The senior indenture contains provisions that:

- limit our ability to put liens on assets constituting our Principal Property; and
- limit our ability to sell and lease back our Principal Property.

The subordinated indenture does not contain any similar provisions.

We have described below these provisions and some of the defined terms used in the senior indenture.

Limitations on Liens

The senior indenture provides that we will not, nor will we permit any Subsidiary to, create, assume, incur or suffer to exist any lien upon any Principal Property, as defined below, or upon any shares of Capital Stock of any Subsidiary owning or leasing any Principal Property, whether owned or

leased on the date of the senior indenture or thereafter acquired, to secure any of our Debt or the Debt of any other Person, other than the senior debt securities issued under the senior indenture, without in any such case making effective provision whereby all of the senior debt securities outstanding thereunder shall be secured equally and ratably with, or prior to, that Debt so long as that Debt is so secured.

"Principal Property" means, whether owned or leased on the date of the senior indenture or thereafter acquired:

- (a) any pipeline assets of ours or of any Subsidiary, including any related facilities employed in the transportation, distribution, storage or marketing of refined petroleum products, natural gas liquids and carbon dioxide, that are located in the United States or any territory or political subdivision thereof; and
- (b) any processing or manufacturing plant or terminal owned or leased by us or any Subsidiary that is located in the United States or any territory or political subdivision thereof,

except, in the case of either of the foregoing clauses (a) or (b):

- any such assets consisting of inventories, furniture, office fixtures and equipment (including data processing equipment), vehicles and equipment used on, or useful with, vehicles; and
- any such assets, plant or terminal which, in the opinion of our board of directors, is not material in relation to our activities or to our activities and those of our Subsidiaries, taken as a whole.

This restriction does not apply to:

- (1) Permitted Liens, as defined below;
- (2) any lien upon any property or assets created at the time of acquisition of that property or assets by us or any Subsidiary or within one year after such time to secure all or a portion of the purchase price for such property or assets or Debt incurred to finance such purchase price, whether such Debt was incurred prior to, at the time of or within one year after the date of such acquisition;
- (3) any lien upon any property or assets to secure all or part of the cost of construction, development, repair or improvements thereon or to secure Debt incurred prior to, at the time of, or within one year after completion of such construction, development, repair or improvements or the commencement of full operations thereof, whichever is later, to provide funds for that purpose;
- (4) any lien upon any property or assets existing thereon at the time of the acquisition thereof by us or any Subsidiary; provided, however, that such lien only encumbers the property or assets so acquired;
- (5) any lien upon any property or assets of a Person existing thereon at the time such Person becomes a Subsidiary by acquisition, merger or otherwise; provided, however, that such lien only encumbers the property or assets of such Person at the time such Person becomes a Subsidiary;
- (6) with respect to any series, any lien upon any property or assets of ours or any Subsidiary in existence on the date the senior debt securities of such series are first issued or provided for pursuant to agreements existing on such date;
- (7) liens imposed by law or order as a result of any proceeding before any court or regulatory body that is being contested in good faith, and liens which secure a judgment or other court-ordered award or settlement as to which we or the applicable Subsidiary has not exhausted our appellate rights;

- (8) any extension, renewal, refinancing, refunding or replacement, or successive extensions, renewals, refinancing, refunding or replacements, of liens, in whole or in part, referred to in clauses (1) through (7), inclusive, above; provided, however, that any such extension, renewal, refinancing, refunding or replacement lien shall be limited to the property or assets covered by the lien extended, renewed, refinanced, refunded or replaced and that the obligations secured by any such extension, renewal, refinancing, refunding or replacement lien shall be in an amount not greater than the amount of the obligations secured by the lien extended, renewed, refinanced, refunded or replaced and any expenses of ours and our Subsidiaries, including any premium, incurred in connection with such extension, renewal, refinancing, refunding or replacement; or
- (9) any lien resulting from the deposit of moneys or evidence of indebtedness in trust for the purpose of defeasing any of our Debt or Debt of any Subsidiary.

Notwithstanding the foregoing, under the senior indenture, we may, and may permit any Subsidiary to, create, assume, incur, or suffer to exist any lien upon any Principal Property to secure our Debt or the Debt of any other Person, other than the senior debt securities, that is not excepted by clauses (1) through (9), inclusive, above without securing the senior debt securities issued under the senior indenture; provided that the aggregate principal amount of all Debt then outstanding secured by such lien and all similar liens, together with all Attributable Indebtedness, as defined below, from Sale-Leaseback Transactions (excluding Sale-Leaseback Transactions permitted by clauses (1) through (4), inclusive, of the first paragraph of the restriction on sale-leasebacks covenant described below) does not exceed 10% of Consolidated Net Tangible Assets, as defined below. (Section 1005 of the senior indenture)

"Permitted Liens" means:

- (1) liens upon rights-of-way for pipeline purposes;
- (2) any statutory or governmental lien or lien arising by operation of law, or any mechanics', repairmen's, materialmen's, suppliers', carriers', landlords', warehousemen's or similar lien incurred in the ordinary course of business which is not yet due or which is being contested in good faith by appropriate proceedings and any undetermined lien which is incidental to construction, development, improvement or repair;
- (3) the right reserved to, or vested in, any municipality or public authority by the terms of any right, power, franchise, grant, license, permit or by any provision of law, to purchase or recapture or to designate a purchaser of, any property;
- (4) liens of taxes and assessments which are (A) for the then current year, (B) not at the time delinquent, or (C) delinquent but the validity of which is being contested at the time by us or any Subsidiary in good faith;
- (5) liens of, or to secure performance of, leases, other than capital leases;
- (6) any lien upon, or deposits of, any assets in favor of any surety company or clerk of court for the purpose of obtaining indemnity or stay of judicial proceedings;
- (7) any lien upon property or assets acquired or sold by us or any Subsidiary resulting from the exercise of any rights arising out of defaults on receivables;
- (8) any lien incurred in the ordinary course of business in connection with workmen's compensation, unemployment insurance, temporary disability, social security, retiree health or similar laws or regulations or to secure obligations imposed by statute or governmental regulations;
- (9) any lien in favor of us or any Subsidiary;

(10) any lien in favor of the United States or any state thereof, or any department, agency or instrumentality or political subdivision of the United States or any state thereof, to secure partial, progress, advance, or other payments pursuant to any contract or statute, or any Debt incurred by us or any Subsidiary for the purpose of financing all or any part of the purchase price of, or the cost of constructing, developing, repairing or improving, the property or assets subject to such lien;

(11) any lien securing industrial development, pollution control or similar revenue bonds;

(12) any lien securing our Debt or Debt of any Subsidiary, all or a portion of the net proceeds of which are used, substantially concurrent with the funding thereof (and for purposes of determining such "substantial concurrence," taking into consideration, among other things, required notices to be given to holders of outstanding senior debt securities under the senior indenture in connection with such refunding, refinancing or repurchase, and the required corresponding durations thereof), to refinance, refund or repurchase all outstanding senior debt securities under the senior indenture, including the amount of all accrued interest thereon and reasonable fees and expenses and premium, if any, incurred by us or any Subsidiary in connection therewith;

(13) liens in favor of any Person to secure obligations under the provisions of any letters of credit, bank guarantees, bonds or surety obligations required or requested by any governmental authority in connection with any contract or statute; or

(14) any lien upon or deposits of any assets to secure performance of bids, trade contracts, leases or statutory obligations.

"Consolidated Net Tangible Assets" means, at any date of determination, the total amount of assets after deducting therefrom:

- all current liabilities, excluding:
 - any current liabilities that by their terms are extendable or renewable at the option of the obligor thereon to a time more than 12 months after the time as of which the amount thereof is being computed; and
 - current maturities of long-term Debt; and
- the value, net of any applicable reserves, of all goodwill, trade names, trademarks, patents and other like intangible assets,

all as set forth, or on a pro forma basis would be set forth, on our consolidated balance sheet for our most recently completed fiscal quarter, prepared in accordance with generally accepted accounting principles.

Restriction on Sale-Leasebacks

The senior indenture provides that we will not, and will not permit any Subsidiary to, engage in the sale or transfer by us or any Subsidiary of any Principal Property to a Person, other than us or a Subsidiary, and the taking back by us or any Subsidiary, as the case may be, of a lease of such Principal Property, called a "Sale-Leaseback Transaction" in the senior indenture, unless:

- (1) such Sale-Leaseback Transaction occurs within one year from the date of completion of the acquisition of the Principal Property subject thereto or the date of the completion of construction, development or substantial repair or improvement, or commencement of full operations on such Principal Property, whichever is later;
- (2) the Sale-Leaseback Transaction involves a lease for a period, including renewals, of not more than three years;

(3) we or the Subsidiary would be entitled to incur Debt secured by a lien on the Principal Property subject thereto in a principal amount equal to or exceeding the Attributable Indebtedness from such Sale-Leaseback Transaction without equally and ratably securing the senior debt securities; or

(4) we or the Subsidiary, within a one-year period after such Sale-Leaseback Transaction, applies or causes to be applied an amount not less than the Attributable Indebtedness from such Sale-Leaseback Transaction to:

- the prepayment, repayment, redemption, reduction or retirement of any of our Debt or the Debt of any Subsidiary that is not subordinated to the senior debt securities, or
- the expenditure or expenditures for Principal Property used or to be used in the ordinary course of our business or the business of our Subsidiaries.

"*Attributable Indebtedness*," when used with respect to any Sale-Leaseback Transaction, means, as at the time of determination, the present value, discounted at the rate set forth or implicit in the terms of the lease included in such transaction, of the total obligations of the lessee for rental payments (other than amounts required to be paid on account of property taxes, maintenance, repairs, insurance, assessments, utilities, operating and labor costs and other items that do not constitute payments for property rights) during the remaining term of the lease included in such Sale-Leaseback Transaction, including any period for which such lease has been extended. In the case of any lease that is terminable by the lessee upon the payment of a penalty or other termination payment, such amount shall be the lesser of the amount determined assuming termination upon the first date such lease may be terminated, in which case the amount shall also include the amount of the penalty or termination payment, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated, or the amount determined assuming no such termination.

Notwithstanding the foregoing, under the senior indenture we may, and may permit any Subsidiary to, effect any Sale-Leaseback Transaction that is not excepted by clauses (1) through (4), inclusive, of the first paragraph under "—Restriction on Sale-Leasebacks," provided that the Attributable Indebtedness from such Sale-Leaseback Transaction, together with the aggregate principal amount of outstanding Debt (other than the senior debt securities) secured by liens upon Principal Properties not excepted by clauses (1) through (9), inclusive, of the first paragraph of the limitation on liens covenant described above, do not exceed 10% of Consolidated Net Tangible Assets. (Section 1006 of the senior indenture)

Provisions Only in the Subordinated Indenture

Subordinated Debt Securities Subordinated to Some Other Debt

Any subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to some of our other debt to the extent described in a prospectus supplement. (Section 1401 of the subordinated indenture)

Provisions in Both Indentures

Consolidation, Merger or Asset Sale

Both indentures generally allow us to consolidate or merge with a Person. They also allow us to sell, lease or transfer our property and assets substantially as an entirety to a Person.

However, we will only consolidate or merge with or into any other Person or sell, lease or transfer our assets substantially as an entirety according to the terms and conditions of the indentures, which include the following requirements:

- the remaining or acquiring Person is organized under the laws of the United States, any state or the District of Columbia;
- the remaining or acquiring Person assumes all of our responsibilities and liabilities under the indentures, including the payment of all amounts due on the debt securities and performance of the covenants in the indentures; and
- immediately after giving effect to the transaction, no event which is, or after notice or lapse of time or both would become, an Event of Default, as defined below, exists.

The remaining or acquiring Person will be substituted for us in the indentures with the same effect as if it had been an original party to the indentures. Thereafter, the successor may exercise our rights and powers under the indentures, in our name or in its own name. If we sell or transfer our assets substantially as an entirety, we will be released from all our liabilities and obligations under the indentures and the debt securities. If we lease our assets substantially as an entirety, we will not be released from our obligations under the indentures and the debt securities. (Sections 801 and 802)

Events of Default and Remedies

"Event of Default," with respect to any series of debt securities, when used in an indenture, means any of the following:

- failure to pay the principal of or any premium on any debt security of that series when due;
- failure to pay interest on any debt security of that series for 30 days;
- failure to perform, or breach of, any term, covenant or warranty in the indenture, other than a term, covenant or warranty a default in the performance of which has expressly been included in the indenture solely for the benefit of one or more series of debt securities other than that series, that continues for 90 days after we are given written notice by the trustee or holders of at least 25% in principal amount of all the outstanding debt securities of that series;
- our bankruptcy, insolvency or reorganization; or
- any other Event of Default included in the indenture or any supplemental indenture with respect to debt securities of a particular series. (Section 501)

If an Event of Default with respect to a series of debt securities occurs and is continuing, upon written notice, the trustee or the holders of at least 25% in principal amount of all the outstanding debt securities of a particular series may declare the principal of all the debt securities of that series to be due and payable. When such declaration is made, such amounts will be immediately due and payable. The holders of a majority in principal amount of the outstanding debt securities of such series may rescind such declaration and its consequences if all existing Events of Default have been cured or waived before judgment has been obtained, other than nonpayment of principal or interest that has become due solely as a result of acceleration. (Section 502)

Holders of a series of debt securities may not enforce the indenture or the series of debt securities, except as provided in the indenture or a series of debt securities. (Section 507) The trustee may require indemnity satisfactory to it before it enforces the indenture or such series of debt securities. (Section 603) The trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal or interest, if it considers such withholding of notice to be in the best interests of the holders. (Section 602)

Other than its duties in case of a default, a trustee is not obligated to exercise any of its rights or powers under any indenture at the request, order or direction of any holders, unless the holders offer the trustee reasonable indemnity. (Section 601) If they provide this reasonable indemnification, the holders of a majority in principal amount of any series of debt securities may direct the time, method and place of conducting any proceeding or any remedy available to the trustee, or exercising any power conferred upon the trustee, for any series of debt securities. (Section 512)

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under an indenture. Further, an Event of Default under our other indebtedness will not necessarily constitute an event of default under the debt securities of any series issued under one of these indentures or vice versa.

Holders of beneficial interests in global notes as described under "—Form, Denomination and Registration; Book-Entry Only System" are not registered holders for purposes of the indentures and should consult their banks or brokers for information on how to give notice or direction to or make requests of the trustee or how to declare or cancel an acceleration of the maturity with respect to a series of debt securities.

Modification of Indentures

Under each indenture, generally we and the trustee may modify our rights and obligations and the rights of the holders with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of all series affected by the modification, voting as one class.

No modification of the principal or interest payment terms, no modification reducing the percentage required for modifications and no modification impairing the right to institute suit for the payment on debt securities of any series when due, is effective against any holder without its consent. (Section 902)

In addition, we and the trustee may amend the indentures without the consent of any holder of the debt securities to make certain technical changes, such as:

- curing ambiguities or correcting defects or inconsistencies;
- evidencing the succession of another Person to us, and the assumption by that successor of our obligations under the applicable indenture and the debt securities of any series;
- providing for a successor trustee;
- qualifying the indentures under the Trust Indenture Act;
- complying with the rules and regulations of any securities exchange or automated quotation system on which debt securities of any series may be listed or traded;
- supplementing any provisions of the indentures to permit the defeasance and discharge of debt securities of any series, provided that such action does not adversely affect the interests of holders of debt securities of that or any other series;
- adding or changing provisions relating to a particular series of debt securities that does not affect the rights of any holder in any material respect; or
- adding, changing or eliminating provisions relating to a particular series of debt securities to be issued. (Section 901)

Defeasance

At any time we may terminate all our obligations under an indenture as it relates to the notes of any series, a process commonly called "*legal defeasance*," except for certain obligations, including those

respecting the defeasance trust described below, and obligations to register the transfer of or to exchange the notes of that series, to replace mutilated, destroyed, lost or stolen notes of that series and to maintain a registrar and paying agent in respect of such notes. (Section 1302)

We also at any time may terminate our obligations under covenant restrictions on the debt securities of any series by a process commonly called "*covenant defeasance*." (Section 1303)

We may exercise our legal defeasance option notwithstanding the prior exercise of our covenant defeasance option. If we exercise our legal defeasance option, payment of the notes of the defeased series may not be accelerated because of an Event of Default. If we exercise our covenant defeasance option for the notes of a particular series, payment of the debt securities of that series may not be accelerated because of an Event of Default specified in the third bullet point under "— Events of Default and Remedies" above.

We may exercise either defeasance option at any time on or following the 91st day after we irrevocably deposit in trust (the "*defeasance trust*") with the trustee money, U.S. Government Obligations (as defined in the indentures) or a combination thereof for the payment of principal, premium, if any, and interest on the debt securities of the relevant series to redemption or stated maturity, as the case may be, and comply with certain other conditions, including delivery to the trustee of an opinion of counsel (subject to customary exceptions and exclusions) to the effect that holders of the debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance had not occurred. In the case of legal defeasance only, such opinion of counsel must be based on a ruling of the Internal Revenue Service or other change in applicable federal income tax law.

In the event of any legal defeasance, holders of the debt securities of the relevant series would be entitled to look only to the defeasance trust for payment of principal of and any premium and interest on their debt securities until maturity.

Although the amount of money and U.S. Government Obligations on deposit with the trustee would be intended to be sufficient to pay amounts due on the debt securities of a defeased series at the time of their stated maturity, if we exercise our covenant defeasance option for the debt securities of any series and the debt securities are declared due and payable because of the occurrence of an Event of Default, such amount may not be sufficient to pay amounts due on the notes of that series at the time of the acceleration resulting from such Event of Default. However, in that circumstance we would remain liable for such payments.

Discharge

We may discharge all our obligations under an indenture with respect to the notes of any series, other than our obligation to register the transfer of and to exchange notes of that series, when either:

- all outstanding notes of that series, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or
- all such notes not so delivered for cancellation have either become due and payable or will become due and payable at their stated maturity within one year or are to be called for redemption within one year, and we have deposited with the trustee in trust an amount of cash sufficient to pay the entire indebtedness of such notes, including interest to the stated maturity or applicable redemption date. (Section 401)

Concerning the Trustee

U.S. Bank National Association is the trustee under the senior indenture and the subordinated indenture. The corporate trust office of the trustee is located at 5555 San Felipe Street, Suite 1150, Houston, Texas 77056.

Under provisions of the indentures and the Trust Indenture Act governing trustee conflicts of interest, any uncured Event of Default with respect to any series of senior debt securities will force the trustee to resign as trustee under either the subordinated indenture or the senior indenture. Also, any uncured Event of Default with respect to any series of subordinated debt securities will force the trustee to resign as trustee under either the senior indenture or the subordinated indenture. Any resignation will require the appointment of a successor trustee under the applicable indenture in accordance with its terms and conditions.

The trustee may resign or be removed by us with respect to one or more series of debt securities and a successor trustee may be appointed to act with respect to any such series. The holders of a majority in aggregate principal amount of the debt securities of any series may remove the trustee with respect to the debt securities of such series. (Section 610)

Each indenture contains certain limitations on the right of the trustee thereunder, in the event that it becomes our creditor, to obtain payment of claims in some cases, or to realize on property received in respect of any such claim, as security or otherwise. (Section 613)

The trustee is required to submit an annual report to the holders of the debt securities regarding, among other things, the trustee's eligibility to serve as such, the priority of the trustee's claims regarding certain advances made by it, and any action taken by the trustee materially affecting the debt securities. (Section 703)

Each indenture provides that, in addition to other certificates or opinions that may be specifically required by other provisions of an indenture, every application by us for action by the trustee shall be accompanied by a certificate of certain of our officers and an opinion of counsel, who may be our counsel, stating that, in the opinion of the signers, we have complied with all conditions precedent to the action. (Section 102)

Governing Law

The indentures are and the debt securities will be governed by the laws of the State of New York. (Section 112)

No Personal Liability of Our Directors, Officers, Employees, Agents or Shareholders

Our directors, officers, employees, agents and shareholders will not have any liability for our obligations under the indentures or the debt securities or for any certificate or similar writing delivered pursuant to the indentures. Each holder of debt securities, by accepting a debt security, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the debt securities. (Section 116)

Form, Denomination and Registration; Book-Entry Only System

Unless otherwise indicated in a prospectus supplement, the debt securities of a series will be issued only in fully registered form, without coupons, in denominations of \$1,000 or integral multiples thereof. (Section 302) You will not have to pay a service charge to transfer or exchange debt securities of a series, but we may require you to pay for taxes or other governmental charges due upon a transfer or exchange. (Section 305)

Unless otherwise indicated in a prospectus supplement, each series of debt securities will be deposited with, or on behalf of, The Depository Trust Company ("DTC") or any successor depository, which we call a depository, and will be represented by one or more global notes registered in the name of Cede & Co., as nominee of DTC. The interests of beneficial owners in the global notes will be represented through financial institutions acting on their behalf as direct or indirect participants in DTC.

Ownership of beneficial interests in a global note will be limited to persons, called participants, who have accounts with DTC or persons who hold interests through participants. Ownership of beneficial interests in the global notes will be shown on, and the transfer of these ownership interests will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

So long as DTC, or its nominee, is the registered owner or holder of a global note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities of that series represented by such global note for all purposes of the indenture, the debt securities of that series and applicable law. Accordingly, owners of interests in global notes will not be considered registered owners or holders of the global notes. In addition, no beneficial owner of an interest in a global note will be able to transfer that interest except in accordance with DTC's applicable procedures, in addition to those under the applicable indenture.

Payments on debt securities represented by global notes will be made to DTC or its nominee, as the registered owner thereof. Neither we, the trustee, any underwriter nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in global notes, for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any action taken or omitted to be taken by the depository or any participant.

We expect that DTC or its nominee will credit participants' accounts on the payable date with payments in respect of a global note in amounts proportionate to their respective beneficial interest in the principal amount of such global note as shown on the records of DTC or its nominee, unless DTC has reason to believe that it will not receive payment on the payable date. We also expect that payments by participants to owners of beneficial interests in such global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name." Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in accordance with DTC rules. The laws of some states require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer beneficial interests in a global note to such persons may be impaired. Because DTC can only act on behalf of participants, who in turn act on behalf of others, such as securities brokers and dealers, banks and trust companies, called indirect participants, the ability of a person having a beneficial interest in a global note to pledge that interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of that interest, may be impaired by the lack of a physical certificate of that interest.

DTC will take any action permitted to be taken by a holder of debt securities of a series only at the direction of one or more participants to whose account interests in global notes are credited and only in respect of such portion of the aggregate principal amount of the debt securities of a series as to which such participant or participants has or have given such direction.

If

- DTC notifies us that it is unwilling or unable to continue as depositary or if it ceases to be eligible under the applicable indenture and we do not appoint a successor depositary within 90 days, or
- an event of default with respect to a series of debt securities shall have occurred and be continuing,

the respective global notes representing the affected series of debt securities will be exchanged for debt securities in definitive form of like tenor and of an equal aggregate principal amount, in authorized denominations. Such definitive debt securities shall be registered in such name or names as the depositary shall instruct the trustee. Such instructions will most likely be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in global notes.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants, including those who may act as underwriters of our debt securities. Access to the DTC system is also available to others such as indirect participants that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in global notes among participants of DTC, it is under no obligation to perform or continue to perform such procedures and may discontinue such procedures at any time. Neither we, the trustee, any underwriter nor any paying agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Investors may hold interests in the notes outside the United States through the Euroclear System ("Euroclear") or Clearstream Banking ("Clearstream") if they are participants in those systems, or indirectly through organizations which are participants in those systems. Euroclear and Clearstream will hold interests on behalf of their participants through customers' securities accounts in Euroclear's and Clearstream's names on the books of their respective depositaries which in turn will hold such positions in customers' securities accounts in the names of the nominees of the depositaries on the books of DTC. All securities in Euroclear or Clearstream are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts.

Transfers of notes by persons holding through Euroclear or Clearstream participants will be effected through DTC, in accordance with DTC's rules, on behalf of the relevant European international clearing system by its depositaries; however, such transactions will require delivery of exercise instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the exercise meets its requirements, deliver instructions to its depositaries to take action to effect exercise of the notes on its behalf by delivering notes through DTC and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to the notes held through Euroclear or Clearstream

will be credited to the cash accounts of Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depositaries.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures in order to facilitate transfers of debt securities among participants of DTC, Euroclear and Clearstream, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time.

CROSS GUARANTEE

Immediately after the consummation of the Transactions, we will enter into a cross guarantee agreement with substantially all of our wholly owned subsidiaries whereby each party to the agreement, including us, will unconditionally guarantee the indebtedness of each other party to the agreement. The form of cross guarantee agreement that we expect to enter into is filed as an exhibit to the registration statement of which this prospectus forms a part. The following description is a summary of the material provisions of the expected cross guarantee agreement. This summary does not purport to be complete and may not contain all of the information about the cross guarantee agreement that is important to investors in our debt securities. We encourage investors to read carefully the form of cross guarantee agreement in its entirety before making any investment decision. In this section, the words "we," "us" and "our" refer only to Kinder Morgan, Inc. and not to any of its subsidiaries or affiliates.

General

We and substantially all of our wholly owned subsidiaries, which we collectively refer to as the "Guarantors," will enter into the cross guarantee agreement. Each Guarantor will jointly and severally, unconditionally and irrevocably, guarantee, as primary obligor, the prompt and complete payment when due (whether at the stated maturity by acceleration or otherwise) of the obligations subject to the agreement, which we refer to as the "Guaranteed Obligations." The Guaranteed Obligations will be set forth on a schedule to the agreement, which will be amended from time to time in accordance with the terms of the agreement. We expect that the debt securities that may be offered and sold hereunder will be Guaranteed Obligations.

The guarantees under the cross guarantee agreement will be made for the benefit of, and may be enforced by, the "Guaranteed Parties," which in the case of our debt securities means the holders of such debt securities, as discussed under "Description of Debt Securities." We will provide a copy of the cross guarantee agreement, including the most recently amended schedules and supplements thereto, to any Guaranteed Party upon written request to us at the address set forth in the agreement; *provided* that this obligation will be deemed to be satisfied if we have filed a copy of the agreement, including the most recently amended schedules and supplements thereto, with the SEC within three months preceding the date on which we receive such written request.

Additional Guarantors and Guaranteed Obligations

We will cause each "Subsidiary" (as defined in the cross guarantee agreement) that is not an "Excluded Subsidiary" (as defined in the cross guarantee agreement) formed or otherwise purchased or acquired after the date of the cross guarantee agreement (including any Subsidiary that ceases to constitute an Excluded Subsidiary) to execute a supplement to the agreement and become a Guarantor within 45 days of the occurrence of the event that requires such entity to become a Guarantor.

Any "Indebtedness" issued by a Guarantor or for which a Guarantor otherwise becomes obligated after the date of the agreement will become a Guaranteed Obligation upon the execution by all Guarantors of a notation of guarantee, which will be affixed to the instrument or instruments evidencing such Indebtedness. "Indebtedness" generally means any senior, unsecured obligation for borrowed money and any payment obligation with respect to obligations under certain hedging agreements.

Release of Guarantors and Guaranteed Obligations

A Guarantor will be automatically released from its guarantee under the cross guarantee agreement upon release of such Guarantor from the guarantee under our revolving credit facility, including upon consummation of any transaction resulting in such Guarantor ceasing to constitute a

Subsidiary or upon any Guarantor becoming an Excluded Subsidiary. Such a transaction or event is referred to as a "Release Event."

Upon the occurrence of a Release Event, each Guaranteed Obligation for which such released Guarantor was the issuer will be automatically released from the provisions of the cross guarantee agreement and will cease to constitute a Guaranteed Obligation; *provided* that in the case of any Guaranteed Obligation that has been assigned an investment grade rating by specified rating agencies, such Guaranteed Obligation will be released, effective as of the 91st day after the occurrence of the Release Event, if and only if a "Rating Decline" with respect to such Guaranteed Obligation does not occur. "Rating Decline" generally means the occurrence of the following on, or within 90 days after, the date of the occurrence of a Release Event or of public notice of the intention to effect a Release Event (which period may be extended so long as the rating of such Guaranteed Obligation is under publicly announced consideration for possible downgrade by either of the specified rating agencies): (i) in the event the applicable Guaranteed Obligation is assigned an investment grade rating by both rating agencies on the date immediately prior to the Release Event or public notice of the intention to effect the Release Event, the rating of such Guaranteed Obligation by one or both of the rating agencies is below an investment grade rating; or (ii) in the event such Guaranteed Obligation is rated below an investment grade rating by either of the Rating Agencies on such date, any such below- investment grade rating is decreased by one or more gradations.

Termination of Guarantees

The guarantee obligations under the cross guarantee agreement will terminate when all Guaranteed Obligations thereunder have been paid in full or have been deemed paid and discharged by defeasance pursuant to the terms of the instruments governing such Guaranteed Obligations. This date is referred to as the "Guarantee Termination Date."

Amendment

The Guarantors may amend or supplement the cross guarantee agreement:

- to cure any ambiguity, defect or inconsistency;
- to reflect a change in the Guarantors or the Guaranteed Obligations made in accordance with the agreement;
- to make any change that would provide any additional rights or benefits to the Guaranteed Parties or that would not adversely affect the legal rights thereunder of any Guaranteed Party in any material respect; or
- to conform the agreement to any change made to our revolving credit agreement or to the guarantee thereunder.

Except as set forth above, the Guarantors may not amend, supplement or otherwise modify the agreement prior to the Guarantee Termination Date without the prior written consent of the holders of the majority of the outstanding principal amount of the Guaranteed Obligations (excluding obligations with respect to hedging agreements, subject to specified exceptions).

DESCRIPTION OF OUR CAPITAL STOCK

The following information is a summary of the material terms of our certificate of incorporation and bylaws and the shareholders agreement between us and certain of our investors. Copies of our certificate of incorporation and bylaws are on file with the SEC, and the shareholders agreement is filed as an exhibit to the registration statement of which this prospectus forms a part. See "Where You Can Find More Information" for information on how to obtain copies of our certificate of incorporation and bylaws. You should refer to the provisions of these documents because they, and not this summary, will govern your rights as a holder of shares of our common stock.

General

Our authorized capital stock consists of:

- 2,000,000,000 shares of Class P common stock, \$0.01 par value per share, which we refer to as our "common stock," 1,028,229,501 shares of which were outstanding as of November 20, 2014; and
- 10,000,000 shares of preferred stock, \$0.01 par value per share, none of which were outstanding as of the date of this prospectus.

In connection with the Transactions, which are described under "Kinder Morgan, Inc." above, we held a special meeting of our stockholders on November 20, 2014, at which time our stockholders approved an increase in the number of authorized shares of our common stock to 4,000,000,000. Immediately following the closing of the Transactions, which we expect will occur on or about November 26, 2014, our authorized capital stock will consist of:

- 4,000,000,000 shares of common stock, approximately 2.1 billion shares of which we expect will be outstanding; and
- 10,000,000 shares of preferred stock, \$0.01 par value per share, none of which will be outstanding.

Common Stock

General

In addition to the Class P common stock mentioned above, our certificate of incorporation also authorized 707,000,000 shares of Class A convertible common stock, \$0.01 par value per share, issued in nine series, which we refer to as the "Class A shares;" 100,000,000 shares of Class B convertible common stock, \$0.01 par value per share, issued in nine series, which we refer to as the "Class B shares;" and 2,462,927 shares of Class C convertible common stock, \$0.01 par value per share, issued in nine series, which we refer to as the "Class C shares."

The Class A shares, Class B shares and Class C shares were originally issued to individuals and entities, which we refer to collectively as the "Original Investors." The Original Investors were investors in our going private transaction in 2007, namely:

- Richard D. Kinder, our Chairman and Chief Executive Officer;
- investment funds advised by or affiliated with Goldman Sachs, Highstar Capital LP, The Carlyle Group and Riverstone Holdings LLC, which we refer to as the "Sponsor Investors;"
- Fayez Sarofim, one of our directors, and investment entities affiliated with him, and an investment entity affiliated with Michael C. Morgan, another of our directors, and William V. Morgan, one of our founders, whom we refer to collectively as the "Original Stockholders;" and

- a number of other members of our management, whom we refer to collectively as "Other Management."

All of the Class A shares, Class B shares and Class C shares have been converted into shares of our common stock, and none of the Class A shares, Class B shares and Class C shares are outstanding or may be reissued. Accordingly, our common stock is the only class or series of our capital stock currently issued or outstanding. Since all of the Sponsor Investors, other than the funds affiliated with Highstar, have sold all the shares of our capital stock held by them, these funds are the only remaining Sponsor Investor.

Voting Rights

Each share of our common stock entitles the holder to one vote with respect to each matter presented to our stockholders on which the holders of our common stock are entitled to vote. Holders of our capital stock do not have cumulative voting rights.

Dividends

Holders of our common stock share equally in any dividend declared by our board of directors, subject to the rights of the holders of any outstanding preferred stock.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution or winding up of our affairs, holders of our common stock would be entitled to share ratably in our assets that are legally available for distribution to our stockholders after payment of liabilities. If we have any preferred stock outstanding at such time, holders of the preferred stock may be entitled to distributions and/or liquidation preferences. In either such case, we must pay the applicable distribution to the holders of our preferred stock, if required pursuant to the terms of any such preferred stock, before we may pay distributions to the holders of common stock.

Other Rights

Our stockholders have no preemptive or other rights to subscribe for additional shares. All outstanding shares are, and all shares offered by this prospectus will be, when sold, validly issued, fully paid and nonassessable.

Preferred Stock

Our board of directors is authorized, subject to the limits imposed by the General Corporation Law of the State of Delaware, which we refer to in this prospectus as the "DGCL," to issue up to 10,000,000 shares of preferred stock in one or more series, to establish from time to time the number of shares to be included in each series of preferred stock, and to fix the rights, preferences, privileges, qualifications, limitations and restrictions of the shares of each wholly unissued series of preferred stock. Our board of directors also is authorized to increase or decrease the number of shares of any series, but not below the number of shares of that series of preferred stock then outstanding and not above the total number of shares of preferred stock authorized by our certificate of incorporation, without any further vote or action by our stockholders.

Our board of directors may authorize the issuance of preferred stock with voting rights that affect adversely the voting power or other rights of our other classes of stock. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, also could have the effect of delaying, deferring or preventing a change in control or causing the market price of our common stock to decline.

Certain Anti-takeover Provisions of Our Charter and Bylaws and Delaware Law

Our certificate of incorporation and bylaws have the following provisions that could deter, delay or prevent a third party from acquiring us, even if doing so would benefit our stockholders.

Undesignated Preferred Stock

The ability to authorize undesignated preferred stock makes it possible for our board of directors to issue preferred stock with super voting, special approval, dividend or other rights or preferences on a discriminatory basis that could impede the success of any attempt to acquire us. These and other provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of our company. Further, the rights of the holders of our common stock will be subject to, and may be adversely affected by, the rights of the holders of any preferred shares that may be issued in the future.

Requirements for Advance Notification of Stockholder Meetings, Nominations and Proposals

Our bylaws provide that special meetings of the stockholders may be called only upon the request of the chairman of the board, the chief executive officer, the president or the board of directors or upon the written request of stockholders of record of not less than 10% of all voting power entitled to vote at such meeting. Our bylaws prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting.

Our bylaws establish advance notice procedures with respect to stockholder proposals for annual meetings and the nomination of candidates for election as directors, other than nominations made by or at the direction of the board of directors or a committee of the board of directors. In order for any matter to be "properly brought" before a meeting, a stockholder will have to comply with advance notice requirements and provide us with specified information. Our bylaws provide that any director or the board of directors may be removed, with or without cause, by an affirmative vote of shares representing the majority of all voting power then entitled to vote at an election of directors. Our bylaws also provide that vacancies may be filled only by a vote of a majority of the directors then in office, even though less than a quorum, and not by our stockholders. Our bylaws allow the chairman of a meeting of the stockholders to adopt rules and regulations for the conduct of meetings that may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions also may defer, delay or discourage a potential acquiror from conducting a solicitation of proxies to elect the acquiror's own slate of directors or otherwise attempting to obtain control of us. In addition, at the time of our initial public offering in 2011, we entered into a shareholders agreement with the Original Investors, which we refer to in this prospectus as the "shareholders agreement." The nomination and removal of directors, including the filling of board vacancies, also must comply with the provisions of our shareholders agreement that relate to composition of our board of directors. See "—Shareholders Agreement."

No Stockholder Action by Written Consent

Our certificate of incorporation provides that any vote or similar action required or permitted to be taken by holders of our common stock must be effected at a duly called annual or special meeting of our stockholders and may not be effected by consent in writing by such stockholders.

Approval Requirements for Certain Changes of Control

Our organizational documents contain additional approval requirements for certain non-cash changes of control. Our shareholders agreement prohibits us from directly or indirectly engaging in any merger, amalgamation, consolidation or other business combination or similar transaction or series of transactions in which all shares of our common stock would be exchanged for cash, securities or other

property (other than solely for cash) without obtaining the unanimous approval of our stockholders unless the organizational documents and capital structure of the acquiring, surviving or resulting entity preserve in all material respects the economic and other rights (including conversion, transfer, distribution and governance rights as set forth in our certificate of incorporation, bylaws and shareholders agreement), characteristics and tax treatment, including on a relative basis, of the Sponsor Investors and the shares of common stock as they exist on the date of such transaction.

Section 203 of the DGCL

We are subject to the provisions of Section 203 of the DGCL. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with any "interested stockholder" for a three-year period following the time that such stockholder becomes an interested stockholder, unless the business combination is approved in a prescribed manner. A "business combination" includes, among other things, a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. An "interested stockholder" is a person who, together with affiliates and associates, owns (or who is an affiliate or associate of the corporation and did own within three years prior to the determination of interested stockholder status) 15% or more of the corporation's voting stock. Under Section 203, a business combination between a corporation and an interested stockholder is prohibited unless:

- before the stockholder became an interested stockholder, the board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, shares owned by persons who are directors and also officers, and employee stock plans, in some instances, but not the outstanding voting stock owned by the interested stockholder; or
- at or after the time the stockholder became an interested stockholder, the business combination was approved by the board of directors of the corporation and authorized at an annual or special meeting of the stockholders, but not by written consent, by the affirmative vote of at least two-thirds of the outstanding voting stock which is not owned by the interested stockholder.

Section 203 defines a business combination to include:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition involving the interested stockholder of 10% or more of the assets of the corporation;
- subject to exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- subject to exceptions, any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; and
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

A Delaware corporation may opt out of this provision either with an express provision in its original certificate of incorporation or in an amendment to its certificate of incorporation or bylaws approved by its stockholders. We have not opted out of this provision, so Section 203 will apply to any

stockholder that becomes an interested stockholder after our initial public offering. The statute, as it applies to interested stockholders other than Mr. Kinder, could prohibit or delay mergers or other takeover or change in control attempts and, accordingly, may discourage attempts to acquire us. These provisions of the DGCL could have the effect of deferring, delaying or discouraging hostile takeovers and may also have the effect of preventing changes in control or management of our company. It is possible that these provisions could make it more difficult to accomplish transactions other stockholders might deem desirable.

Certain Other Provisions of Our Charter and Bylaws and Delaware Law

Board of Directors

Our certificate of incorporation provides that the number of directors will be fixed in the manner provided in our bylaws. Our bylaws provide that the number of directors will be fifteen, subject to increase or decrease in accordance with the shareholders agreement. As of the date of this prospectus, the provisions of the shareholders agreement have resulted in a decrease in the number of our directors to eleven. Because the Sponsor Investors now have the right to choose fewer than three director nominees, the shareholders agreement permits the number of directors to be reduced below eleven, but not below nine, if a majority of the board approves such reduction. In such case, the number of director nominees that Mr. Kinder has the right to choose also will be reduced to four. The shareholders agreement also provides that the number of directors may be increased in order to meet the majority independence requirements of the NYSE if we are unable to qualify for a controlled company exemption at such time. See "—Shareholders Agreement."

The non-employee members of the boards of directors of KMR, Kinder Morgan G.P., Inc. ("KMGP") and El Paso Pipeline GP Company, L.L.C. ("EPGP") have been offered the opportunity to become members of our board of directors after the Transactions. Accordingly, we expect to amend our bylaws and the shareholders agreement to provide that after the Transactions, the number of directors will be no more than 16 and no less than 10, as fixed from time to time by our board of directors, and may also be increased in accordance with the shareholders agreement or reduced to not fewer than nine in accordance with our shareholders agreement.

Supermajority Board Approval

Our bylaws state that, unless otherwise provided, so long as the Sponsor Investors have the right to choose at least five nominees to the board of directors pursuant to the shareholders agreement, any matter brought before the board of directors will be decided by a supermajority vote. Our bylaws further provide a list of actions, including amending our certificate of incorporation or bylaws, that, so long as the Sponsor Investors have the right to choose at least five nominees to the board of directors pursuant to the shareholders agreement, must be brought before the board of directors and decided by supermajority vote. Because the Sponsor Investors no longer have the right to choose at least five nominees, the foregoing supermajority provisions are no longer in effect.

Limitations of Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties. Our certificate of incorporation eliminates the personal liability of directors for monetary damages for actions taken as a director to the fullest extent authorized by the DGCL. The DGCL does not permit exculpation for liability:

- for breach of the duty of loyalty;

- for acts or omissions not in good faith or involving intentional misconduct or knowing violation of law;
- under Section 174 of the DGCL (unlawful dividends and stock repurchases); or
- for transactions from which the director derived improper personal benefit.

Our certificate of incorporation and bylaws provide that we shall indemnify our current and former directors and officers, and may indemnify our employees, agents and other persons, to the fullest extent permitted by law. We also are expressly authorized to carry directors' and officers' insurance providing indemnification for our directors, officers and certain employees and agents for any liabilities incurred in any such capacity, whether or not we would have the power to indemnify such person against such liability. We believe that these indemnification provisions and insurance are useful to attract and retain qualified directors and executive officers.

The limitation of liability and indemnification provisions in our certificate of incorporation and bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, an investment in our stock may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Corporate Opportunities

Our certificate of incorporation provides that the Sponsor Investors and certain of their affiliates (including any director nominated by the Sponsor Investors) have no obligation to offer us or our wholly owned subsidiaries an opportunity to participate in business opportunities presented to the Sponsor Investors or such affiliates (other than us or our wholly owned subsidiaries) even if the opportunity is one that we or one of our wholly owned subsidiaries might reasonably have pursued, and that neither the Sponsor Investors nor their respective affiliates will be liable to us or any of our wholly owned subsidiaries for breach of any duty by reason of any such activities. However, each such person serving as a director of us or one of our wholly owned subsidiaries must tell us about any business opportunity offered to such person solely in his or her capacity as such a director.

Amending Our Certificate of Incorporation and Bylaws

Our certificate of incorporation may be amended in any manner provided by the DGCL. Because our common stock is the only class of capital stock that remains outstanding, our certificate of incorporation may be amended with the affirmative vote of a majority of the outstanding shares of our common stock, except that any provision requiring a supermajority vote of stockholders may only be amended with such supermajority vote.

Our certificate of incorporation and our bylaws provide that our bylaws may be amended, altered, repealed or new bylaws may be adopted by our board of directors or by the affirmative vote of holders of shares representing two-thirds of the total voting power of all of our outstanding capital stock then entitled to vote at any annual or special meeting for the election of directors. In addition, any adoption, alteration, amendment or repeal of any bylaw by the board of directors requires the affirmative vote of:

- a majority of the directors chosen for nomination by Mr. Kinder (if any);
- a majority of the directors chosen for nomination by the Sponsor Investors (if any);
- two-thirds of the directors chosen for nomination by the Sponsor Investors (if any) in the case of an alteration, amendment or repeal of specified provisions of our bylaws with respect to

directors, removal of officers, securities of other corporations and amendments of the bylaws; and

- the director(s) chosen by a Sponsor Investor (if any) in the case of an alteration, amendment or repeal of any provision of our bylaws that would treat such Sponsor Investor adversely.

Transfer Agent and Registrar

As of the date of this prospectus, the transfer agent and registrar of our common stock is Computershare Trust Company, N.A. It may be contacted at 525 Washington Blvd., Jersey City, New Jersey 07310.

New York Stock Exchange Listing

Our common stock is listed on the NYSE under the symbol "KMI."

Shareholders Agreement

We are a party to a shareholders agreement with the Original Investors regarding voting, transfer and registration for resale of shares of our stock held by them, among other things. Persons who become holders of our common stock by purchasing shares in an offering under this prospectus or by purchasing shares in the open market will not become parties to the shareholders agreement, but the shareholders agreement will continue in effect. Although only we and the Original Investors are parties to the shareholders agreement, it contains a number of provisions affecting the governance of our company. Below is a summary of those provisions of our shareholders agreement. Because all of the Sponsor Investors, other than the funds affiliated with Highstar Capital LP, have sold all the shares of our capital stock held by them, certain provisions in the shareholders agreement no longer apply and are not described below. The funds affiliated with Highstar Capital LP are sometimes referred to as the "Remaining Sponsor Investor." We encourage you to read the shareholders agreement, which is filed as an exhibit to the registration statement of which this prospectus forms a part, in its entirety.

Board, Committee and Observer Rights

The shareholders agreement provides that Mr. Kinder and the Remaining Sponsor Investor have the following rights to appoint director nominees to the KMI board and committees, which may be adjusted as described below. As of the date of this prospectus, the KMI board has eleven members, with five director nominees appointed by Mr. Kinder, two director nominees appointed by the Remaining Sponsor Investor, and four additional independent directors.

- Mr. Kinder may appoint five nominees (one of whom may be Mr. Kinder) so long as Mr. Kinder is our chief executive officer and owns shares representing at least 2.5% of the voting power of our outstanding shares of our capital stock entitled to vote on the election of directors. One of those nominees must meet the audit committee independence requirements of the NYSE. The number of directors Mr. Kinder may nominate may decrease as follows:
- If Mr. Kinder ceases to be chief executive officer for any reason other than termination for cause (as defined in the shareholders agreement), then instead of the five nominees noted above, Mr. Kinder may appoint two nominees (one of whom may be Mr. Kinder), the then-current chief executive officer will be one nominee, and Other Management (excluding any individuals whose employment with us has terminated) and the Original Stockholders will appoint two nominees. If Other Management and the Original Stockholders cease to own at least a majority of their shares of our common stock that were issued upon conversion of their Class A shares, then their right to appoint those two nominees will be transferred to our nominating and governance committee.

- If Mr. Kinder is terminated as chief executive officer for cause (as defined in the shareholders agreement), then instead of the five nominees noted above, Mr. Kinder may only appoint one nominee, the then-current chief executive officer will be one nominee, the nominating and governance committee will appoint one nominee and Other Management (excluding any individuals whose employment with us has terminated) and the Original Stockholders will appoint two nominees. None of these nominees may be Mr. Kinder. If Other Management and the Original Stockholders cease to own at least a majority of their shares of our common stock that were issued upon conversion of their Class A shares, then their right to appoint those two nominees will be transferred to our nominating and governance committee.
- If the board of directors approves a reduction in the number of directors below eleven while Mr. Kinder has the right to appoint five nominees, then Mr. Kinder's nominees will be reduced to four. In addition, Mr. Kinder will no longer be required to appoint a nominee that meets the audit committee independence requirements and instead the nominating and governance committee will be required to appoint such nominee.
- If Mr. Kinder no longer owns shares representing at least 2.5% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors, then Mr. Kinder may no longer appoint any nominees, and instead, the then-current chief executive officer will be one nominee and the nominating and governance committee will appoint four nominees (or three if the number of directors has been reduced below eleven).
- The Remaining Sponsor Investor may appoint two nominees so long as it owns shares representing at least 5% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors.
- If the Remaining Sponsor Investor owns shares representing between 2.5% and 5% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors, then it may only appoint one nominee. After the consummation of the Transactions, the Remaining Sponsor Investor is expected to own between 2.5% and 5% of the voting power of our outstanding shares of capital stock. Accordingly, the Remaining Sponsor Investor will have the right to nominate only one director, and one of the directors nominated by the Remaining Sponsor Investor will be required to resign from our board of directors.

Because the Remaining Sponsor Investor has the right to appoint fewer than three director nominees, our board of directors can elect to decrease the size of our board down to a minimum of nine directorships. In such case, the number of director nominees that Mr. Kinder has the right to choose would decrease to four. Appointments to any directorships which are not specifically allocated pursuant to the above description will be made by our nominating and governance committee.

Under the shareholders agreement, share ownership for Mr. Kinder includes shares owned by his permitted transferees, and share ownership for Sponsor Investors includes specified transferees and successors. In the event of Mr. Kinder's death, his nomination rights described above may be exercised by his heirs, executors and beneficiaries so long as they own shares representing at least 2.5% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors.

During such time as Mr. Kinder is entitled to appoint five director nominees, one member of each of the nominating and governance committee and the audit committee will consist of a director who was chosen as a director nominee by Mr. Kinder, which directors must meet the applicable independence requirements for those committees. If Mr. Kinder loses the right to select, or his nominees are ineligible to serve as, members of those committees, then that committee member must be one of the directors nominated for election by the nominating and governance committee.

In the shareholders agreement, we agree to include the persons nominated as directors in accordance with the shareholders agreement in the slate of nominees recommended by the board of

directors, and Mr. Kinder and the Remaining Sponsor Investor agree with each other to take all necessary action within their power as stockholders to vote in favor of such persons nominated to the board of directors in accordance with the shareholders agreement and to remove any directors as required by the shareholders agreement. If Mr. Kinder or the Remaining Sponsor Investor does not vote in accordance with the shareholders agreement to elect or remove any directors, they have granted each other an irrevocable proxy so that their shares of our common stock may be voted in accordance with the shareholders agreement.

Under the shareholders agreement, as long as the Remaining Sponsor Investor owns at least 1% of our outstanding shares of capital stock entitled to vote on the election of directors, it may appoint an observer to participate in meetings of our board of directors or any committee thereof. In addition, the Remaining Sponsor Investor has specified rights to appoint observers to attend meetings of the boards and committees of KMGP, KMR and EPGP. Observers may be excluded from the deliberations of any board or committee at the direction of a majority of the members of such board or committee and must comply with applicable laws and regulations. In the event that the participation of an observer appointed by the Remaining Sponsor Investor would create a conflict of interest at a meeting, such observer will recuse himself or herself from the related portion of such meeting.

Certain Actions Relating to Us and Our Subsidiaries and Other Affiliates

As long as the Remaining Sponsor Investor owns any shares of our common stock received upon conversion of its Class A shares as a result of a mandatory conversion, we have agreed in the shareholders agreement to:

- upon the Remaining Sponsor Investor's reasonable request, cause the Remaining Sponsor Investor's director nominees serving on our board to be appointed to the boards or governing bodies of certain of our subsidiaries (other than KMGP, KMP, KMR, EPGP, EPB or any of their subsidiaries); and
- permit director nominees of the Remaining Sponsor Investor to attend meetings of the KMGP board, the KMR board, the EPGP board and any committees of such boards, subject to the rights of such boards and committees to exclude them, to applicable regulatory requirements and to such observers' obligation to recuse themselves under specified circumstances.

As long as the Remaining Sponsor Investor owns shares representing at least 2.5% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors, we have agreed in the shareholders agreement to:

- inform the Remaining Sponsor Investor of any action that our chief executive officer reasonably believes could impose any filing obligation, restriction or regulatory burden on the Remaining Sponsor Investor or its affiliates and not taking specified actions without its approval;
- keep the Remaining Sponsor Investor informed of any events or changes with respect to any criminal or regulatory investigation involving us or any of our affiliates;
- reasonably cooperate with the Remaining Sponsor Investor and its affiliates in efforts to mitigate consequences of the events described in the two bullets immediately above; and
- not take any action (and take all stockholder action to prevent our subsidiaries from taking any action) to cause the board of KMGP to consist of less than a majority of independent directors under the applicable NYSE standards.

In addition, Mr. Kinder has agreed until May 15, 2015 to notify the Remaining Sponsor Investor prior to his acquisition of, or offer to acquire, any securities of us or any of our publicly traded subsidiaries in a transaction or a series of related transactions involving a value in excess of \$50 million.

Registration Rights

The shareholders agreement contains registration rights provisions pursuant to which we may be required to register the sale of shares of our common stock owned by the Remaining Sponsor Investor and Mr. Kinder that were issued upon the conversion of their Class A shares and Class B shares, as applicable. Under the registration rights provisions, the Remaining Sponsor Investor and Mr. Kinder will each have the right to require that we register resales of such shares of our common stock having an aggregate value of at least \$200 million, or such lesser amount that represents all of such holder's remaining shares. We will not be obligated to effect such a demand registration at any time that a shelf registration statement is effective, or if, in our good faith reasonable judgment, it is not feasible for us to proceed because of the unavailability of required financial statements, or during a blackout period. A blackout period, for this purpose, is any of (1) a regular quarterly blackout period when our directors and executive officers are not permitted to trade, (2) a seven day period (which we may not invoke more than twice in any 12 month period) relating to a securities offering of \$150 million or more by KMP, EPB or KMR, or (3) a 30 day period (which we may not invoke more than twice in any 12 month period) if the registration would cause the disclosure of specified types of non-public information. The registration rights provisions contain holdback provisions for us and certain holders of shares in the event of an underwritten offering of common stock having an aggregate value of at least \$500 million.

Under the registration rights provisions, the Remaining Sponsor Investor or Mr. Kinder also can require us to file a shelf registration statement on Form S-3 for the resale of our common stock they received upon the conversion of their Class A shares or Class B shares, as applicable. In such event, we have agreed to use our reasonable best efforts to keep a shelf registration statement continuously effective until the earlier of the date on which all registrable securities covered by the shelf registration statement have been sold or otherwise cease to be registrable securities or the date on which the Sponsor Investors no longer collectively hold registrable securities that represent at least 1% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors.

We also have agreed not to effect any merger, amalgamation, consolidation, business combination or change of control or reorganization event or similar transaction or series of transactions in which we are not the surviving entity (other than solely for cash consideration) unless the surviving entity assumes these registration obligations.

We have agreed to indemnify and hold harmless each selling shareholder for whom we file a registration statement and such selling stockholder's affiliates and their respective officers, directors, managers, partners, agents and control persons against any losses relating to violations of applicable securities law by us in connection with such registration or offering (except to the extent such violations were caused by such selling shareholder) or untrue statement of a material fact contained in such registration statement, prospectus or preliminary prospectus or free writing prospectus or any omission of a material fact required to be stated therein or necessary to make the statement therein, in light of the circumstances under which they were made, not misleading.

Non-Compete Agreements

The executive management stockholders identified in the shareholders agreement, which include Mr. Kinder and certain of our current and former executive officers, have agreed to certain non-competition and non-solicitation provisions during the term of their employment and for a specified period of time following their employment, which ranges from one year to two years, if they are terminated on or prior to May 31, 2015.

Corporate Opportunities

The shareholders agreement provides that the Sponsor Investors and certain of their respective affiliates, including any director nominated by a Sponsor Investor, have no obligation to offer us or our wholly owned subsidiaries an opportunity to participate in business opportunities presented to the Sponsor Investors or such affiliates (other than us and our wholly owned subsidiaries) even if the opportunity is one that we or one of our wholly owned subsidiaries might reasonably have pursued, and that neither the Sponsor Investors nor their respective affiliates will be liable to us or any of our wholly owned subsidiaries for breach of any duty by reason of any such activities. However, each such person serving as a director of us or one of our wholly owned subsidiaries must tell us about any business opportunity offered to him or her solely in his or her capacity as such a director. Each director nominated by the Remaining Sponsor Investor has agreed to recuse himself or herself from any portion of a board or committee meeting if such director has actual knowledge that the Remaining Sponsor Investor that appointed such director (or one of its controlled affiliates) is engaged in or pursuing any business opportunity that such director has actual knowledge that we also are engaged in or evaluating and if such director's participation would cause a conflict of interest.

Payment of Certain Costs and Expenses

We are obligated to pay all reasonable fees and expenses of the Sponsor Investors and their counsel related to the administration of, and their rights and obligations under, our certificate of incorporation and bylaws and the shareholders agreement that are approved in advance by us.

Other Provisions

Certain provisions in the shareholders agreement will terminate with respect to the Remaining Sponsor Investor when it no longer owns shares representing at least 2.5% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors, including the right to nominate director and committee members. When the Remaining Sponsor Investor no longer owns shares representing at least 2.5% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors, then certain sections of the shareholders agreement will terminate with respect to all Original Investors, including rights to nominate director and committee nominees and certain actions relating to our subsidiaries and other affiliates. The shareholders agreement will terminate when none of the shareholders party thereto hold any shares of our common stock.

Amendments to the shareholders agreement must be signed by us, if the amendment modifies our rights or obligations, and by the following holders:

- Mr. Kinder so long as he (together with his permitted transferees) owns shares representing at least 1% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors;
- the Sponsor Investors holding shares representing a majority of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors then held by the Sponsor Investors so long as the Sponsor Investors collectively own shares representing at least an aggregate amount of 1% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors;
- in the case of an amendment or waiver with respect to transfer restrictions, director and committee nominees, observers, independence requirements, voting agreements or proxies, certain actions relating to our subsidiaries and other affiliates, our dividend policy and termination of the shareholders agreement, the Sponsor Investors owning shares representing at least two-thirds of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors then held by the Sponsor Investors so long as the Sponsor Investors

collectively own shares representing at least an aggregate amount of 1% of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors;

- in the case of an amendment or waiver that would modify the rights or obligations of any Sponsor Investor adversely, such Sponsor Investor so affected so long as such Sponsor Investor owns any of our outstanding shares of capital stock entitled to vote on the election of directors; and
- the holders of shares representing a majority of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors held by Other Management and the Original Stockholders, so long as Other Management and the Original Stockholders own a majority of the voting power held by such holders at the closing of our initial public offering in 2011 and the applicable amendment or waiver would modify the rights or obligations of Other Management and the Original Stockholders (taken as a whole) adversely and differently from other holders of the same class or classes of capital stock.

If no parties meet the conditions set forth in the bullets above, then the holders of shares representing a majority of the voting power of our outstanding shares of capital stock entitled to vote on the election of directors then held by holders who are party to the shareholders agreement must sign an amendment.

Indemnification of Directors and Officers

Pursuant to our certificate of incorporation and bylaws, we have agreed to indemnify each of our current and former directors and officers, and may additionally indemnify any of our employees, agents or other persons, to the fullest extent permitted by law against all expense, liability and loss (including attorney's fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) incurred or suffered by our directors or officers or these other persons. We have agreed to provide this indemnification for civil, criminal, administrative, arbitative or investigative proceedings to the fullest extent permitted under the DGCL. Thus, our directors and officers could be indemnified for their negligent acts if they met the requirements set forth above. We also have acknowledged that we are the indemnitor of first resort with respect to such indemnification obligations and that any obligations of a Sponsor Investor and its affiliates to advance expenses or to provide indemnification and/or insurance for the same expenses or liabilities are secondary. We also are expressly authorized to carry directors' and officers' insurance providing indemnification for our directors, officers and certain employees and agents for any liabilities incurred in any such capacity, whether or not we would have the power to indemnify such person against such liability.

PLAN OF DISTRIBUTION

We may sell the debt securities or common stock offered by this prospectus:

- through agents;
- through underwriters or dealers;
- directly to one or more purchasers;
- pursuant to delayed delivery contracts or forward contracts; or
- through a combination of any of these methods of sale.

By Agents

Debt securities and common stock may be sold through agents designated by us. Unless otherwise indicated in a prospectus supplement, the agents will agree to use their reasonable best efforts to solicit purchases for the period of their appointment.

By Underwriters

If underwriters are used in the sale, the debt securities of the series offered or the common stock will be acquired by the underwriters for their own account. The underwriters may resell the debt securities or common stock in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase the securities offered will be subject to certain conditions. The underwriters will be obligated to purchase all the securities offered if any of the securities are purchased. Any initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

Direct Sales

Debt securities or common stock may also be sold directly by us. In this case, no underwriters or agents would be involved. We may use electronic media, including the Internet, to sell offered securities directly.

Delayed Delivery Contracts or Forward Contracts

If indicated in the prospectus supplement, we will authorize agents, underwriters or dealers to solicit offers to purchase debt securities or common stock from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts or forward contracts providing for payment or delivery on a specified date in the future at prices determined as described in the prospectus supplement. Such contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth the commission payable for solicitation of such contracts.

General Information

The debt securities, when first issued, will have no established trading market. Any underwriters or agents to whom or through whom debt securities are sold for public offering and sale may make a market in such debt securities, but such underwriters or agents will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any such debt securities.

The debt securities of the series offered may or may not be listed on a national securities exchange. No assurances can be given that there will be a market for the debt securities.

Underwriters, dealers and agents that participate in the distribution of the debt securities or common stock may be underwriters as defined in the Securities Act, and any discounts or commissions received by them from us and any profit on the resale of the debt securities or common stock by them may be treated as underwriting discounts and commissions under the Securities Act. Any underwriters or agents will be identified and their compensation will be described in a prospectus supplement.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the underwriters, dealers or agents may be required to make because of those liabilities.

Underwriters, dealers and agents or their affiliates may engage in transactions with, or perform services for, us or our affiliates in the ordinary course of their businesses.

One or more firms, referred as "remarketing firms," may also offer or sell the debt securities, if a prospectus supplement so indicates, in connection with a remarketing arrangement upon the purchase of the debt securities. Remarketing firms will act as principals for their own accounts or as agents for us. These remarketing firms will offer or sell the debt securities in accordance with a redemption or repayment pursuant to the terms of the debt securities. The prospectus supplement will identify any remarketing firm and terms of the agreement, if any, with us and will describe the remarketing firm's compensation. Remarketing firms may be deemed to be underwriters in connection with the debt securities they remarket. Remarketing firms may be entitled under agreements that may be entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which they may be required to make because of those liabilities. Remarketing firms or their affiliates may engage in transaction with, or perform services for, us or our affiliates in the ordinary course of their business.

VALIDITY OF THE SECURITIES

The validity of the securities being offered hereby will be passed upon for us by Bracewell & Giuliani LLP, Houston, Texas.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference in this prospectus contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are subject to risks and uncertainties and are based on the beliefs and assumptions of our management, based on information currently available to them. Forward-looking statements can be identified by the use of the future tense or other forward-looking words such as "believe," "expect," "anticipate," "intend," "plan," "estimate," "should," "may," "will," "objective," "projection," "forecast," "management believes," "continue," "strategy," "position" or the negative of those terms or other variations of them or by comparable terminology. In particular, statements, express or implied, concerning future actions, conditions or events, future operating results, the ability to generate sales, income or cash flow, to realize cost savings or other benefits associated with the pending acquisition of KMP, EPB and KMR or to pay dividends are forward-looking statements.

Although we believe that these estimates and forward-looking statements are based on reasonable assumptions, they are subject to risks and uncertainties and are made in light of information currently available to us. Many factors, in addition to the factors described in this prospectus, may adversely affect results as indicated in forward-looking statements. We urge you to read carefully this entire prospectus, the documents incorporated by reference into this prospectus and the documents that are filed as exhibits to the registration statement of which this prospectus is a part with the understanding that actual future results may be materially different from what we expect. Many of the factors that will determine these results are beyond our ability to control or predict. Specific factors that could cause actual results to differ from those in the forward-looking statements include:

- the ability to complete the KMP, EPB and KMR mergers;
- the potential impact of the consummation of the KMP, EPB and KMR mergers on relationships, including with employees, suppliers, customers and competitors;
- the timing and extent of changes in price trends and overall demand for natural gas liquids ("NGL"), refined petroleum products, oil, CO₂, natural gas, electricity, coal, steel and other bulk materials and chemicals and certain agricultural products in North America;
- economic activity, weather, alternative energy sources, conservation and technological advances that may affect price trends and demand;
- changes in tariff rates charged by our pipeline subsidiaries required by the Federal Energy Regulatory Commission, the California Public Utilities Commission, Canada's National Energy Board or another regulatory agency;
- our ability to acquire new businesses and assets and integrate those operations into our existing operations, and make cost-saving changes in operations, particularly if we undertake multiple acquisitions in a relatively short period of time, as well as the ability to expand our facilities;
- our ability to safely operate and maintain our existing assets and to access or construct new pipeline, gas processing and NGL fractionation capacity;
- our ability to attract and retain key management and operations personnel;
- difficulties or delays experienced by railroads, barges, trucks, ships or pipelines in delivering products to or from terminals or pipelines;
- shut-downs or cutbacks at major refineries, petrochemical or chemical plants, natural gas processing plants, ports, utilities, military bases or other businesses that use our services or provide services or products to us;

- changes in crude oil and natural gas production, and the NGL content of natural gas production, from exploration and production areas that we serve, such as the Permian Basin area of West Texas, the shale plays in Oklahoma, Ohio, Pennsylvania and Texas, the U.S. Rocky Mountains and the Alberta, Canada oil sands;
- changes in laws or regulations, third-party relations and approvals, and decisions of courts, regulators and governmental bodies that may adversely affect our business or our ability to compete;
- interruptions of electric power supply to our facilities due to natural disasters, power shortages, strikes, riots, terrorism (including cyber attacks), war or other causes;
- the uncertainty inherent in estimating future oil, natural gas and CO₂ production or reserves;
- our ability to complete expansion and newbuild projects on time and on budget;
- the timing and success of our business development efforts, including our ability to renew long-term customer contracts;
- changes in accounting pronouncements that impact the measurement of results of operations, the timing of when such measurements are to be made and recorded, and the disclosures surrounding these activities;
- our ability to offer and sell debt or equity securities or obtain financing in sufficient amounts and on acceptable terms to implement that portion of our business plan that contemplates growth through acquisitions of operating businesses and assets and expansions of facilities;
- our indebtedness, which could make us vulnerable to general adverse economic and industry conditions, limit our ability to borrow additional funds and/or place us at a competitive disadvantage compared to our competitors that have less debt or have other adverse consequences;
- our ability to obtain insurance coverage without significant levels of self-retention of risk;
- acts of nature, sabotage, terrorism (including cyber attacks) or other similar acts or accidents causing damage to our properties greater than our insurance coverage limits;
- our ability to obtain and maintain investment grade credit ratings;
- capital and credit markets conditions, inflation and fluctuations in interest rates;
- the political and economic stability of the oil producing nations of the world;
- national, international, regional and local economic, competitive and regulatory conditions and developments;
- our ability to achieve cost savings and revenue growth;
- foreign exchange fluctuations;
- the extent of our success in developing and producing CO₂ and oil and gas reserves, including the risks inherent in development drilling, well completion and other development activities;
- engineering and mechanical or technological difficulties that we may experience with operational equipment, in well completions and workovers, and in drilling new wells;
- unfavorable results of litigation and the outcome of contingencies referred to in the notes to the financial statements contained in the reports incorporated by reference into this prospectus; and
- those other factors discussed in the sections entitled "Risk Factors" in the documents incorporated by reference into this prospectus.

Forward-looking statements speak only as of the date they were made, and, except to the extent required by law, we undertake no obligation to update or to review any forward-looking statement because of new information, future events or other factors. Forward-looking statements involve risks and uncertainties and are not guarantees of future performance. There is no assurance that any of the risks described in the sections entitled "Risk Factors" incorporated by reference into this prospectus or that any of the uncertainties associated with the forward-looking statements discussed in this prospectus will occur, or if any of them do, when they will occur or what impact they will have on our operations or financial condition. Future results and performance may differ materially from those expressed in these forward-looking statements due to, but not limited to, the factors mentioned above. Because of these uncertainties, you should not place undue reliance on these forward-looking statements when making an investment decision.
